

## Escanaba Police Get Approval To Join Any Union

LANSING (AP) — The Michigan Appeals Court has affirmed a State Labor Mediation Board ruling that city policemen may join labor unions representing other professions or skills.

### City Overruled

The appeals court issued the ruling today in review of a suit by the city of Escanaba against

the state labor board and Escanaba's Local 328, International Brotherhood of Teamsters.

The court also said, however, that several previous cases, involving Lansing, Detroit and Muskegon policemen's associations, suggest there are limits on what union a policemen's group may choose.

The Escanaba case arose after

the Escanaba Teamsters Local asked the State Labor Mediation Board to oversee an affiliation election by city police patrolmen and sergeants.

### Refuse To Bargain

Escanaba's city council refused to bargain with the Team-

### Not With Union

Escanaba police officers were not represented by the Teamsters Union in negotiations with the City of Escanaba on wages and working conditions earlier this year. They represented themselves.

The situation goes back to March, 1966, when the Michigan Labor Mediations Board notified the city that Teamsters Union Local 328 had petitioned to represent the policemen. The city refused to recognize Local 328 in bargaining and the city was charged with an unfair labor practice. This was upheld by the Labor Mediation Board.

The city appealed to the Appellate Court of Michigan. It was the city's position that police officers as members of a union other than that of policemen would represent a conflict of interest.

Within the past year or so the Escanaba officers have not been identified with Local 328.

sters because its membership was not limited to policemen. When the state board ordered the city to bargain, it sued.

The court said "current public policy of this state" is contained in the Michigan Public Employment Relations Act and allows police to join nonpolice unions. But, the court added, further study would be required to decide if Escanaba's patrolmen and sergeants are specifically covered.

## Sen. Kennedy Set To Tell All

BOSTON (AP) — Sen. Birch Bayh, D-Ind., a close personal and political friend of Sen. Edward M. Kennedy, said Wednesday that the Massachusetts Democrat is anxious to tell all he knows about the July 18 accident on Chappaquiddick Island, the Boston Record American reported.

"I think the matter has to be cleared up completely," Bayh told reporters from the newspaper's Washington bureau.

The story published today quoted Bayh as saying, "I think he'll do this. I think Ted wants to make available all the information."

Mary Jo Kopechne, 28, a Washington secretary, died when a car driven by Kennedy plunged off Dyke Bridge on the island.

The Indiana senator said the fatal accident hurt Kennedy politically but added that it was still "too early to tell" how badly.

"Some polls say he's completely through," Bayh said. "My judgment is that this is not completely true. He has a tremendous hold on young people—it amounts almost to worship—and young people are prone to forgive and forget."

## GI Casualty List Reaches Two-Year Low

SAIGON (AP) — The lowest weekly combat toll among Americans in two years was announced today by the U.S. Command, reflecting a three-week lull on the battlefield.

An official summary said 95 Americans were killed in action during the seven-day period ending at midnight last Saturday—a drop from 135 the previous week and the lowest weekly toll since the week ending Aug. 12, 1967, when 82 Americans died.

While the American death toll decreased, South Vietnamese troop casualties rose from 297 to 308 last week. Since the week ending May 10, South Vietnamese casualties have been consistently higher than American combat deaths, which many officials say is a result of "Vietnamizing" the war.

The number of Americans wounded last week also went up to 1,315 from 1,114 the previous week, and South Vietnamese wounded from 883 to 896. The number of enemy killed declined to 2,382 from a revised total of 2,696 the previous week.

The U.S. Command said 38,823 Americans have been killed in action in Vietnam since Jan. 1, 1961, with 556,629 enemy claimed killed in the same period.

Last week's low casualty count was coupled with U.S. intelligence reports that elements of four North Vietnamese divisions in the area around Saigon had pulled back along the Cambodian border farther than at any time since early 1968.

## Jewelry-Laden Vehicle Stolen

CHICAGO (AP)—An auto containing \$50,000 worth of jewelry was stolen from in front of a South Side motel Wednesday.

The car's owner, Harry Nest of Southfield, Mich., told police that his car had an elaborate burglar alarm system which required several keys.

Nest, 59, is a self-employed salesman. He said he had eight cases of jewelry in his hotel room and had just transferred them to the car when it was stolen.

# State Income Tax Hike Questioned

## Several Plans Differ In Rate Of Percentage

LANSING (AP) — Gov. William G. Milliken's sweeping education reform program still hasn't answered one question uppermost in the minds of taxpayers.

How much will the present 2.6 per cent state personal income tax have to be raised to pay for the plan?

### Percentage Differs

Democrats have talked of a 1 or 2 per cent increase. Sen. Anthony Stamm, R-Kalamazoo, chairman of the Senate Education Committee has recommended a 5 per cent hike.

Milliken earlier left himself considerable negotiating room by saying he would not ask more than a 10 per cent increase. The executive office, meanwhile, says only that it will seek "an increase this year."

Milliken, in announcing his plan Tuesday, promised Michiganders some relief from the unpopular, local property tax, unless they have below-average school operating budgets.

### Millage Rejected

An Associated Press survey earlier this year found more than 45 per cent of local property tax millage proposals were rejected by voters, sometimes even in the face of threatened school shutdowns.

Milliken and his special Education Reform Commission recommended an immediate, \$186 million increase for next year over this year's \$848.6-million school operating budget. That would include a controversial, \$25 million grant for parochial and private schools.

Milliken brushed over mention of an income tax in his public television address released Tuesday. The report of his special commission, released the same day, also made no direct reference to that tax.

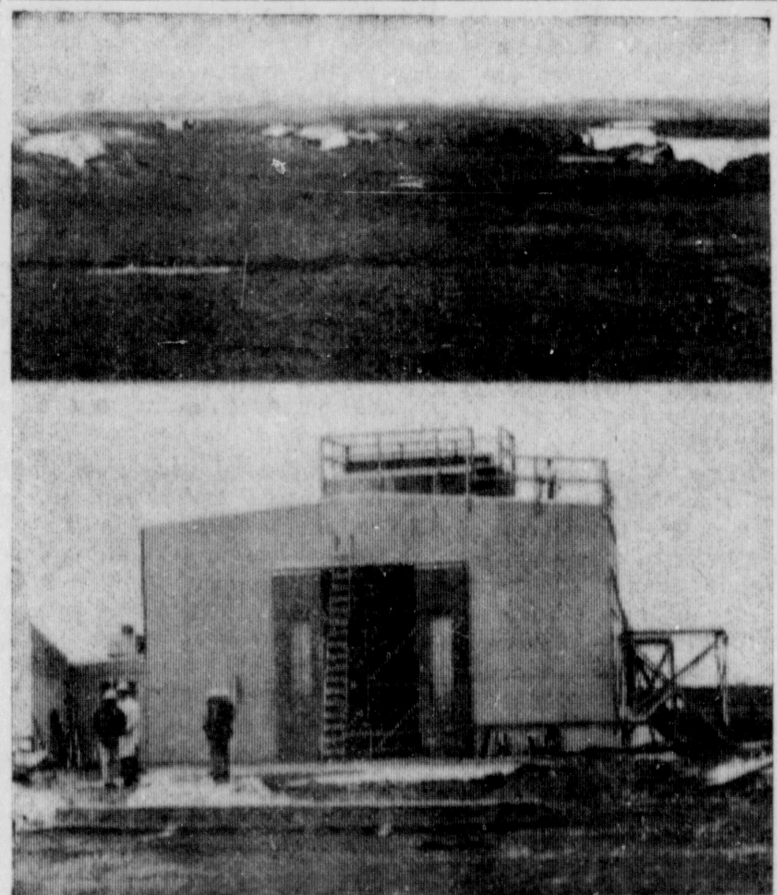

### Added Revenue Sought

The commission simply recommended the Legislature "pass needed revenue measures based on ability to pay." Specific recommendations are expected in an address Milliken is to make to a joint legislative session within two weeks. The Legislature reconvenes Monday after a two-month recess.

"People would know at the time they vote on the (constitutional) amendment what changes there would be in the rate," a Milliken aide said. He indicated that increased property tax assessment possibly could be delayed until Dec. 1, 1971, but the income tax would come sooner, according to Milliken's reform timetable.

## Today's Chuckle

The easiest way to make money is to forget whom you borrowed it from.

OLD QUONSET HOUSES dot the bleak island of Amchitka, Alaska, in the above picture. They are evidence of the last humans to inhabit the tundra-covered hunk of volcanic rock — troops were here during World War II. Below, a building covers a hole in which an underground nuclear device is set to go off today. The Atomic Energy Commission plans to set off the device today despite numerous protests. (AP Wirephoto)

## Nuclear Test On Despite Protests

ANCHORAGE, Alaska (AP) — Despite a chorus of protest the countdown continued for the U.S. nuclear test today in the remote Aleutians.

On windswept Amchitka Island, 1,400 miles southwest of Anchorage, scientists and technicians readied monitoring devices and television cameras to record the one-megaton blast, equal to the detonation of one million tons of TNT.

### Earthquake Feared

Although some scientists feared the big blast might trigger an earthquake and tidal

wave, "We are very optimistic of a safe and successful experiment," Robert Miller, operations manager for the Atomic Energy Commission, told newsmen Wednesday.

International objections to the test reached a climax with demonstrations along the U.S.-Canadian border involving more than 7,000 students in British Columbia alone. Six persons were arrested by police at the Ambassador Bridge between Windsor and Detroit.

### Explosion Plans Set

The explosion was scheduled for 6 p.m. EDT.

The AEC said weather conditions appeared favorable for the observer planes set to fly over the desolate, 42-mile-long Aleutian island 700 miles from the Soviet Union's Kamchatka Peninsula.

The nuclear device was buried 4,000 feet below the tundra in a shaft drilled in a solid volcanic rock. Twenty-eight miles away about 130 persons gathered in a concrete bunker to check the effects of the explosion.

### TV Cameras In Use

One television camera was zeroed in on a known earth fault that cuts through the island. Another was focused on a pen of seven sea otters 4,500 feet from the blast site to record the effect on the animals.

Pens on the beach 14,000 feet away from the test contained more sea animals.

Other observers were on the carrier USS Princeton, two destroyers and a number of research vessels.

First after-blast examination of the ground around the site was expected late Thursday or Friday, depending on conditions.

## Ft. Benning New Target Of Army Graft Probers

WASHINGTON (AP) — Senators following a trail of alleged multimillion-dollar graft involving the operations of servicemen's clubs from Germany to Vietnam have a new target—Ft. Benning, Ga.

Sen. Abraham Ribicoff's investigations subcommittee scheduled testimony today from Army investigators concerning their probe into allegations of illegal activities by top-ranking sergeants running noncommissioned officers clubs on the huge southern post.

Ft. Benning's NCO clubs were brought into the inquiry Wednesday when Ribicoff said many of the sergeants allegedly involved in skimming profits from overseas clubs had managed to be transferred to the Georgia base.

Ribicoff said a small clique of sergeants—whom he said used their stripes as camouflage for raids on club funds—perfected a system of controlling their transfers from base to base.

## Ask President To Reject Judge Appointee Bid

WASHINGTON (AP) — President Nixon has come under mounting pressure from his own party in the Senate, reportedly including the GOP's No. 2 leader, to pull back his nomination of Judge Clement F. Haynsworth to the Supreme Court.

Congressional sources indicated that Senate Republican Whip Robert P. Griffin suggested to the President during his Tuesday meeting with GOP congressional leaders that Haynsworth's name come down.

A spokesman for Griffin declined Wednesday either to confirm or deny the report. The spokesman said Griffin considered any conversation he had with the President as strictly confidential.

Griffin spearheaded the successful fight last year against President Johnson's attempt to appoint Abe Fortas chief justice.

There was no doubt other Senate Republicans were anxious to see the appointment of Haynsworth, now chief judge of the 4th U.S. Court of Appeals, withdrawn.

The only Negro senator, Massachusetts Republican Edward W. Brooke, Wednesday released a letter he had written to Nixon urging the President to withdraw the nomination or face an "embarrassingly" close vote and possibly even defeat.

Brooke became the first Republican senator to publicly urge withdrawal of the name and the first senator of either party to actually predict the nomination might be defeated.

Brooke declined to say how many committed anti-Haynsworth votes he came up with in his own nose count.

But he said he had found a substantial number of Republicans willing to break with tradition and go against their President.

"It's more than any five or six, I'll tell you that," he said.

## FBI Chief Not Ready To Quit

WASHINGTON (AP) — White House sources say FBI Director J. Edgar Hoover, dinner party host to President Nixon Wednesday night, has given no indication he will retire on his 75th birthday Jan. 1.

They say they know nothing to support renewed widespread speculation Hoover was contemplating stepping down in the near future.

The possibility of Hoover's retirement has cropped up from time to time ever since 1965 when former President Lyndon B. Johnson waived the mandatory federal retirement age of 70 for the FBI director. President Nixon continued the waiver.

During the recent controversy over who authorized an FBI wiretap of the late Dr. Martin Luther King's telephone in the early 1960's, former Atty. Gen. Ramsey Clark suggested Hoover's usefulness had come to an end.

"I think, perhaps, the time has come when he should retire, both in the interests of his own career, which has been distinguished and in the interests of the FBI, which has been a great investigative agency," Clark said.

In an interview with the Associated Press last May, however, Hoover said he has no intention of retiring.

"As long as God grants me the health and the stamina to continue I have no ambition other than to remain in my post as director of the FBI," Hoover said.

## Ex-Singer Buried

WAYNESVILLE, N. C. (AP) — Funeral services were held today in Waynesville for Joe Emerson Rose, a native of Spartanburg, S.C., who was a nationally known gospel singer in the 1930s.

Rose, who also attended Albion College in Michigan, gained a national reputation as Joe Emerson with a radio program he called "A Word and a Song."

## Collins' Trial Witness Waits

ANN ARBOR (AP) — A Ypsilanti, Mich., motorcycle shop owner who says he has not yet been asked to testify in the first-degree murder trial of John Norman Collins may provide testimony to support Collins' plea of innocent.

Joe Patton, owner of J and J Cycle Sales in Ypsilanti, is reported to have seen Collins alone shortly after he allegedly drove off with the woman he is accused of killing, Eastern Michigan University coed Karen Sue Beineman.

### Collins Identified

Witnesses have testified they saw Miss Beineman leave a Ypsilanti wig shop with a man identified as Collins at about 12:30 p.m. on July 23. It was the last time Miss Beineman was reported seen alive. Her battered body was found three days later in a ravine north of Ann Arbor.

Patton told the Detroit Free Press in a telephone interview that Collins came into his shop at about 1 p.m. that day and stayed for "about an hour." Patton said that to the best of his knowledge, Collins was alone at the time.

Richard Ryan, an attorney for Collins, said Wednesday he had been unable to locate a police officer who is reported to have talked with Patton.

### Ryan Has Witness

"We have a witness who will testify that Collins was in his place of business during a critical time when Karen Sue Beineman was said to have died," Ryan told Circuit Court Judge John W. Conlin Wednesday.

In his interview with the De-

## Navy Turboprop Crashes, 26 Die

ATSUGI, Japan (AP) — A two-engine U.S. Navy turboprop plane crashed into the Tonkin Gulf off Vietnam today, killing all 26 Navy men aboard, the Navy reported.

The Navy said the C2A Greyhound aircraft, used for deliveries to aircraft carriers, was flying from the naval air station at Cubi Point near Subic Bay in the Philippines to a carrier off Vietnam on a routine supply flight.

The carrier immediately sent out a rescue helicopter which found only wreckage. No bodies have been recovered, said a Navy spokesman at Atsugi Naval Air Station, Japan.

Names of the four-man crew and the 22 passengers were withheld pending notification of next of kin.

A board of officers has been convened to determine the cause of the crash, the spokesman said.

The plane was attached to Fleet Tactical Support Squadron 50.

### Weather

ESCANABA AND VICINITY—Occasional rain or drizzle today, high near 60. Partly cloudy and cooler tonight, low in the 40s. Friday—partly cloudy and mild, high around 65. Saturday—increasing cloudiness and a chance of rain. Sun sets today at 6:27 p. m., and rises Friday at 6:49 a. m.

West and Central Upper Peninsula—Cloudy today with a chance of rain or drizzle, highs between 55 and 60. Partly cloudy and cooler tonight, lows in the 40s. Friday—cloudy and mild, highs mostly in the 60s. Outlook for Saturday, cloudy with rain likely. Winds west to northwest 10 to 20 mph today, becoming variable 8 to 18 mph late tonight and Friday. Probabilities of precipitation: 40% today, 20% tonight and 20% Friday.

## Fr. Groppi Jailed In Madison Rift

MADISON, Wis. (AP) — Wisconsin legislators planned another attempt to carry on official business today in the face of welfare demonstrations which have turned the Capitol into an armed camp.

The Rev. James E. Groppi, who had led the demonstrations, was jailed Wednesday on a disorderly conduct charge arising from an invasion of the Assembly chambers Monday.

Despite this, the legislators later adopted a contempt citation against the Roman Catholic priest. They ordered him jailed for contempt of the State Assembly under a never-tested 1848 statute.

The statute provides imprisonment for the duration of the legislative session or for six months, whichever is shortest.

Father Groppi had declined to post \$50 bail on the county

charge, saying, "I'm happy to go to jail. I consider going to jail a holy act."

About 400 Groppi supporters rallied Wednesday night outside the Capitol after the priest was taken into custody. They said they did not intend to abandon their demands for restoration of welfare funds which legislators eliminated from the 1969-71 budget.

Father Groppi led a group of Milwaukee welfare recipients on a 90-mile march to Madison. His group of about 100 protesters were joined by hundreds of University of Wisconsin students, and National Guardsmen were called to protect the Capitol.

The Assembly, angered over an estimated \$26,000 damage to carpets and furniture when demonstrators invaded their chamber Monday, voted 71-24 to have Father Groppi jailed for contempt.

DEMONSTRATORS seeking additional welfare funds from the Wisconsin Legislature sit down in the middle of the streets around Capitol at Madison. The protesters included welfare mothers and children of militant University of Wisconsin students. (AP Wirephoto)

Escanaba Takes State Meeting Role

Michigan Leads In Air Purity Efforts

By JEAN WORTH  
Of Panax Newspapers  
LANSING — Michigan has made great strides in air pollution control, but faces huge problems of municipal and industrial adjustment to new standards of air purity if it is going to complete the job, 320 persons from throughout the state were told here Wednesday at a Michigan State Chamber of Commerce air pollution control conference.

Escanaba drew special attention in the morning session when a telegram from the Delta County Citizens Committee to Save Our Air was read and Bernard D. Bloomfield of the Michigan Department of Health commented on the Escanaba situation.

Plans of Mead Corp. to build a kraft pulp mill at its Escanaba Paped Co. plant as the central unit of a huge Publishing Papers Center have drawn the opposition of the Save Our Air group. It was active at the Lansing meeting selling Save Our Air tickets for its campaign fund and conferred with state officials on its campaign against the kraft mill. It fears an odor nuisance in the area if the mill is built.

Meat Objective  
Complaints on air pollution are being received from all over the state by the State Health Department, Bloomfield said. "The work is accelerating faster than our staff."

"The citizens concern at Escanaba," he said "is that they might wind up with a hydrogen sulfide odor that will make it not a resort community. There has been a lot of talk that a kraft mill can be built without odor. It would need new techniques but the possibility exists that the black liquor recovery (odor) can be adequately taken care of."

"On the assumption that it can be done, the company is making quite a commitment and the hope exists that this can be done. This has to be the objective — to do some-

thing that hasn't been done before in the United States — and possibly in the world — (in control of hydrogen sulfide odor.)

Meeting October 28  
It was announced at Lansing Wednesday that the Air Pollution Control Commission would hold a public meeting in Escanaba Area High School at 7:30 p. m. Tuesday, Oct. 28.

Bloomfield said that community air studies are being made in the state and they are most effective when kept up to date. The Kalamazoo County study showed 45 tons of particulates being put into the air daily, and with prospect of reduction when the two largest coal burners convert to natural gas.

"Industry for the most part has been cooperative in the anti-pollution effort," said Bloomfield and has spent \$100 million by conservative estimate in Michigan since 1965 on air pollution control equipment and this does not include Wayne County and Detroit.

Utilities Change  
"Utilities are moving along at considerable speed and spending millions on electrostatic precipitators to clean up their emissions."

A 1967 amendment to the federal Clean Air Act provided for the designation of air quality regions all over the country. There will be one intrastate region in every state and one interstate region in every state.

In early November there will be a hearing on the Michigan Region which will consist of Wayne, Oakland, Macomb and

St. Clair counties. (St. Clair is included because of the pollution problem at nearby Sarnia, Ontario, an oil refinery area.) Michigan's interstate air quality region will include Greater Toledo, Ohio and Monroe County, Michigan.

These regions will adopt criteria (ceiling limits) on contaminants as air quality standards which could not be violated. The standards will include particulates, a great family of pollutants which can be either solids or liquids, the sulfur compounds, the carbons and hydrocarbons, nitrogen oxides, etc.

Auto Fumes  
There would be a timetable for development of an anti-pollution program and for its implementation. The air quality regions and controls would be extended throughout the state.

The federal government has pre-empted motor vehicle air pollution control and the state's role will be to evaluate equipment in use and see that it is performing, "but as yet no one knows how to do it and there's a lack of equipment to do it," said Bloomfield.

Fortunately, he said, there are few inversions (atmospheric conditions which collect and lower exhaust gases) in Michigan to make it subject to the smog that so effects the Los Angeles area in California.

Prison For Foundry  
State air pollution problem areas like Muskegon with its foundry industry were discussed. It was suggested that a state penal institution for the area might provide some employment if the foundries were closed to end their air pollution.

The size of the air pollution control program was indicated in the report on particulates and sulfur oxides control, especially in the burning of coals with a high sulfur content in large electric generating plants.

Even if 60 per cent of the electric power needed by the nation is generated by nuclear energy by the year 2000, said Wayne Wingert, Detroit Edison Co. engineer, the country still will need 200 million tons a year of fossil fuels for electric generation alone. "It is not possible to discard any major source of energy," he said.

Since most coal is high sulfur coal there's need for techniques to reduce the sulfur and keep it out of plant emissions. The most practical method advanced was dispersion by tall stacks. It now costs \$2 million to build an 800 foot smoke-stack that will do the trick.

DELTA COUNTY was represented at the State Air Pollution Conference of the Michigan State Chamber of Commerce in the Jack Tar Hotel, Lansing, Wednesday by a large delegation, part of which is pictured here. Missing from the picture are Kenneth Touthak, head of the Escanaba Public Works Department, and William Van Effen, head of the Escanaba Electric Department. From left: Delta County

Supervisor Phil Miron, Ford River; John Walbridge of the Save Our Air Committee, Supervisor H. George Nelson, Supervisor Harold Vanlerberghe, Amer Pederson and Richard Purlick of Save Our Air, and Delta County Prosecutor John Beauchamp, who is legal counsel to the board of supervisors, which is studying a county air pollution control ordinance proposed by Save Our Air. (Daily Press Photo)

Conference Speakers Agree:

Municipal Rulers Should Share Blame For Pollution

LANSING (AP)—Local units of government, busy accusing industry of air pollution, often are equally as guilty, two speakers agreed at a Michigan State Chamber of Commerce Conference.

"While there are some shining exceptions, municipal government has been dragging its feet on air pollution control," Mrs. Robert Solomon of Grosse Ile told the meeting Wednesday.

Mrs. Solomon is a member of the State Air Pollution Control Commission.

300 Attend Session  
More than 300 representatives of business, industry and local units of government attended the session.

Mort Sterling, of the Detroit and Wayne County Air Pollution Control Board, pointed to some examples in Detroit to back up the claim.

Detroit, he said, seems to have a double standard, one set of rules for industry and the other for the city.

Sterling said the board is thinking of citing the city for such violations as pollution from municipal power plants and for open burning of diseased Dutch elm trees.

Sterling added the city has made progress in controlling air pollution in a number of areas. A program of pollution abatement has been worked out for school power plants, he said, the most flagrant violators are correcting their pollution problems first.

Policemen Briefed  
Police have been briefed on issuing citations for unreasonable smoke. After a course of instruction, he reported, the number of such citations jumped from a few hundred a year to more than 8,000.

This fall, for the first time, Sterling reported, Detroit will attempt a citywide pickup of leaves to avoid the fire hazard

and smoke nuisance caused by burning.

A crackdown also is under way covering home, apartment and other incinerators, he added.

Mrs. Solomon said Gov. William Milliken has advised all state facilities they should follow the air pollution code. There will be an enforcement follow-up, she said.

Cooperation Needed  
"Everyone has to start on this program," she declared. "Industry and the municipal-

ities should try to solve their problems together."

Municipalities with violation problems from public buildings can get all kinds of technical help, she advised.

Mrs. Solomon urged local public relations programs to make citizens aware of the air pollution hazard.

"The large newspapers have been doing a pretty good job for us," she added.

Unless citizens know about the problem, she warned, any tax levy to support air pollution abatement "will come right back in your face."

Early Start Asked  
"We must start now," Mrs. Solomon said. "Later will be too late. All it needs is a little planning and a lot of money. Municipalities must be brave enough to put something in the budget for air pollution control."

Fred Kellow of the Department of Public Health, chairman of the session for municipal officials, summed up the conclusions by declaring:

"More and more brains and money have to be thrown into trash."

Death Claims Paul L. James

Paul Leon James, 39, of 1329 Stephenson Ave., died early this morning at St. Francis Hospital following a lengthy illness.

He was born Dec. 4, 1929 in Rockford, Ill. and had resided in Escanaba for the past 38 years. He was a 1949 graduate of Escanaba High School and had been employed by the Harnischfeger Corp.

He is survived by his parents; one brother, Frederick Jr. of California; a half-brother, Thomas James and a half-sister, Jeri James, both of Oak Park, Ill.

Friends may call from 3 to 9:30 p.m. Friday at the Degnan-Crawford Funeral Home with parish prayers to be recited at 8 p.m. Funeral services will be conducted at 9 a.m. Saturday at St. Patrick's Church with the Rev. Charles Carmody officiating. Burial will be in Holy Cross Cemetery.

# Queen Lynn And Court Reign At HN Homecoming

Holy Name High School's Homecoming parade on Friday, Oct. 3, will feature Queen Lynn Bartoszek and her court, Gale O'Connell, Sylvia Petr, Nicki Nastoff and Nancy Brandt, all seniors.

The parade, based on the theme "Book Titles," will begin at 6:30 p.m. at the east end of Ludington Street. Two floats each will be entered by the freshmen, sophomores and juniors. The senior class will contribute the Queen's Float which will not be in competition.

Members of the Holy Name School Board will act as judges and prizes of \$15, \$10, and \$5 have been donated by the Holy Name Booster Club.

The parade will move down Ludington Street and end at the HN football field where the game between the Holy Name Crusaders and the Manistique Emeralds will begin at 8 p.m. The halftime show will be presented by the Holy Name Marching Band, directed by Chet Marrier.

Miss Bartoszek was chosen by the senior class to reign over the school's Homecoming activities, and was crowned during a special assembly Monday afternoon. Richard Gorenchan presented the crown; Father Vincent Ouellette, associate superintendent, presented roses; and Jim DeGrand, senior class president, emceed the program.

Other activities for the week included Hall Decoration Day, Green and White Day, Spirit Day and Honor the Coach and Team Day.

Hall Decoration Day, which was Tuesday, was highlighted by streamers and other decorations. The students joined in the festivities by decorating lockers and classroom doors. On Green and White Day, Wednesday, students wore some clothing in these school colors. Spirit Day, Thursday, included the wearing of HN buttons and ornamented hats for which prizes were given.

On Friday, Holy Name students will pay special tribute to Coach Doug Bovin and the HN Crusaders. A pep assembly will be held late in the afternoon.

The events of Homecoming Week will be concluded by the dance Saturday evening in the HN multi-purpose room. Sponsored by the senior class, it will carry out the book title theme. Music will be provided by "Upstairs to the Left."

## Link Simulator To Be On Display At MEA Confab

The 16-place Link Simulator will be on display at the Escanaba Area High School today and Friday to enable teachers attending the M.E.A. convention and the general public to inspect the vehicle.

Representative from the State Office of Highway Planning, George Stewart of Lansing, and Milton Rhodes of the Link Company will be on hand to guide visitors through the driver training vehicle.

The \$42,500 Simulator is part of the U.P. Community Education Highway Safety Program. Community School director Richard Bonifas of Manistique is administrator of the program. The Link is being brought to Escanaba from Ironwood and will be returned Friday to the West Iron School District for use in their driver

Program speakers will include Darrell B. Carter, O.D., Pr.D. associate clinical professor of optometry, University of California; Alfredo Dominguez, M.D., chief, second clinic, National Institute of Ophthalmology, Madrid; Frederick W. Hebbard, O.D., Ph.D. dean of the College of Optometry, Ohio State University; Paul W. Thieking, Des Moines, Iowa, president of the National Board of Examiners in Optometry, and Joaquin Valcarlos, M.D., chief of ophthalmology service, U.S. Air Force Hospital, Madrid.

Edward L. Steinberg, M.S., O.D., chief of the optometric clinic at Hillside Hospital, Glen Oaks, N.Y., is program chairman.

QUEEN LYNN BARTOSZEK and her court are reigning over Homecoming Week at Holy Name High School. The girls, all seniors, (left to right) Nancy Brandt, Gale O'Connell, Queen Lynn, Nicki Nastoff and Sylvia Petr. (Lee's Studio)

## Coho Report Will Run In Daily Press

As a service to its angling readers, the Escanaba Daily Press will publish an up-to-date coho fishing report every Monday and Friday.

These reports will be printed in cooperation with the Department of Natural Resources (DNR); Nelson's resort at Manistowish; White's resort at Gladstone; Reeve's resort on the lower Whitefish River; Sterling's resort on Whitefish Bay and the Driftwood Shores resort at Thompson.

It should be noted, however, that these reports will be only a representative sample of salmon caught at Thompson and near the Whitefish River. Included in the survey will be only authenticated catches reported to those conducting the survey.

### An Indicator

"This will be a good indicator of just how the fish are running," said Dave Johnson, DNR biologist at Escanaba who is heading up the survey. "Although the survey will in no way include all the fish being caught, it will give the average fishermen some idea of how the run is progressing."

Fishing pressure during the past week has been centered primarily on the coho. Good catches have been reported both in Little Bay de Noc and Whitefish Bay. Trolling a U-20 silver Flatfish is still the best way for taking coho out in the big bay, while casting anglers using No. 5 Mepps spinners and Cleo spoons are doing well in shallow Whitefish Bay, Johnson reported.

The largest coho reported taken so far in Little Bay de Noc was caught Monday by Jim Casey of Wells. The monster weighed 17½ pounds and

was caught just south of Garth Point. Casey said he caught the fish on a T-4 silver Flatfish, after losing a big salmon, and another Flatfish, a few minutes earlier.

### 27 Salmon Caught

The DNR's first survey report, taken over the past week-end, shows that a sampling of 80 fishermen angling for coho in Little Bay de Noc caught 27 coho and three brown trout.

A spot survey taken in the Whitefish River and Little Bay de Noc by the Daily Press Wednesday afternoon showed that 40 anglers captured two coho. This is a good indicator that the fish are just not hitting.

The coho that are being caught are running from 9-17 pounds, and the brown trout range from 7-11 pounds.

Schools of salmon have already started to move into the Whitefish River, but success in catching them is nil.

At Thompson, success over the weekend ran very low, but things are looking up. A survey of weekend anglers showed 23 fishermen caught four coho and one brown. Monday, however, saw a big turn about in angler success. Two men fishing out of the Miami Beach Resort at Thompson caught 10 coho running about 11-pounds apiece. These fish were caught trolling in deep water about a mile offshore.

Wading anglers showed good success off the mouth of the famous creek Tuesday, but Wednesday's fishing was limited because of white-caps and high winds.

"The fish are in, and they're jumping all the time, but they're playing hard to get," said Kern Bradley, veteran Thompson fishermen.

## Model Computer Offered Schools By Bell System

"Understanding Computers," the fifth program in a series of Bell System aids to science education, will introduce students to the "computer age" by way of a do-it-yourself, card-board computer.

The Michigan Bell Telephone Co. will demonstrate the new aids to teachers and educators attending the Michigan Education Association Region 17 and 18 conference, opening today at the Escanaba Area Public High School.

A small, hand-operated card-board model computer is one of the features of the new program. For the first time since the Bell System series began in 1961, student work kits will be provided for general class use. Earlier programs, on the physical sciences, included demonstration devices and books for use in the classroom, but offered kits only for students who had shown high scientific aptitudes.

As in the past, the Michigan Bell Telephone Co. will make the new program materials available to schools after introducing them at teacher meetings.

### Rug Approved

DETROIT (AP) — The carpet caper has come to an end, with the result that Les Arwin will be able to leave his 9-by-12 foot rug in front of his art gallery in downtown Detroit.

The Detroit Common Council overrode a city inspector and decided Wednesday to allow Arwin to keep his carpet in front of the gallery.

All Arwin has to do is to buy a \$17 permit and promise he will be responsible if someone trips over the carpet and is injured.

## Candy Sale Aids Fight Against Kidney Disease

Trick or treat candy purchased from members of the local chapter of the Upper Peninsula Kidney Foundation has a double benefit — the kids enjoy the candy at Halloween time and the proceeds help finance programs that may save the lives of other children who suffer from kidney disease.

The candy is being sold all this month and is obtainable through members of the local group. The price is \$1 per bag and one-half goes to pay for the candy.

The remaining 50 cents is used to maintain a drug and medicine bank for kidney patients who must take drugs for a long period of time in their treatment. The drugs are supplied for a minimal charge.

Orders for the candy will be taken by any member of the group or they may be placed by calling Mrs. Richard Pryal 786-2029 or Mrs. George Embs 786-1729.

Information regarding materials on kidney disease and its prevention are also invited to call either Mrs. Pryal or Mrs. Embs.

Besides maintaining the drug and medicine bank for local kidney patients, the Kidney Foundation's local club is actively promoting other projects of service in the fight against kidney disease.

The local group has set aside funds to assist Dr. Mary Cretens, director, Delta-Menominee District Health Department, in a urine screening test for school-age boys and girls. The goal is to detect and bring under treatment any abnormality of the urinary tract before it does great damage to the child's health.

The support of home training centers in which patients learn to operate an artificial kidney machine, and then use a machine from a "kidney machine loan closet" in their homes is also a part of the program.

The saving of Betty Crocker coupons (660,000 will purchase an artificial kidney machine) is another project, and a coupon carton is located in the Goodman Drug Store.

Persons interested in assisting in the effort are invited to join the group and attend meetings, held on the second Monday of each month.

## IRRESISTIBLE!

It's the only way to describe the fall selection of footwear fashions by the master designer himself, Mr. Easton. A truly dramatic, new collection of Up Front fashions and cool fall colors on the latest leathers is waiting for you at

1221 LUDINGTON ST. ESCANABA, MICH.

G. W. van den Bosch

## Van den Bosch To Speak Here

Govert W. van den Bosch, assistant to the director of the Institute for Social Research at the University of Michigan, will address a meeting of the Delta County U-M Alumni Club Friday at the Dells.

The dinner program will begin at 7 p. m. and alumni should make reservations with the Extension Service office, 786-6861.

Born in the Netherlands in 1922, van den Bosch escaped from German occupation during World War II, trained with the U.S. Marine Corps and fought in the Dutch East Indies with the Royal Marines.

He was employed by Ford Motor Corp. in public relations from 1949 to 1964 when he joined the University of Michigan in his present capacity.

Dr. William Stegath, director of field services for the Alumni Association, will accompany van den Bosch to Escanaba and will narrate a film of highlights from Michigan's 1968 football season.

By years of training, your pharmacist is an exacting scientist.

As a member of the community health team, he is a dedicated professional man.

Yet he is a businessman engaged in serving your needs not only as a supplier of medicines but as a merchant whose stocks reflect the daily needs of his customers.

And, too, he's a fellow townsman, a taxpayer, a neighbor — one who has a personal concern for the health and welfare of your family.

RECORD BROOK TROUT may be this catch by Dennis M. Johnson, 301 S. 18th St., who took the big fish (authenticated weight 4 pounds 2 ounces) in the Whitefish River at 10:30 a. m. Monday. Johnson was using a Little Cleo spoon and stopped at the Whitefish on his way home from Thompson where he had failed in a try for coho. Last year Johnson caught 14 cohos at Thompson. (Daily Press Photo)

## Family Farms Have Changed

By GAIL BOWERS  
Menominee County  
Extension Director

Every once in awhile some sheds tears over the passing of the family farm. To them the family farm was a small farm where the farm family produced nearly everything they needed to live. They had their pigs for pork, chickens for eggs and a hen for Sunday dinner. There was the dairy herd for milk, butter, beef and veal. The housewife canned the vegetables they needed for the winter from the garden she and the kids took care of all summer. Don't leave out some apple trees

## Negro Mayor Regains Post

CLEVELAND, Ohio (AP) — Negro incumbent Carl B. Stokes defeated a self-styled law-and-order candidate by more than 31,000 votes Tuesday in Cleveland's Democratic mayoral primary election.

But Stokes won his bid for nomination to a second two-year term only after overcoming a lead of more than 20,000 votes which Robert J. Kelly, an electoral newcomer, built up in white sections crucial to the mayor's Nov. 4 general election prospects.

The final unofficial count gave Stokes 92,219 votes to 60,899 for Kelly, a 48-year-old former city service director.

Stokes became the first Negro elected mayor of a major American city in 1967. He also is the first Negro mayor of a major city to face a re-election battle.

"We're going to really have to work against Ralph J. Perk," Stokes said of the Republican county auditor he will face in the general election.

Negroes compose about one-third of Cleveland's population of 880,000.

Kelly said he congratulated Stokes "in conformity with the American tradition of politics" but held to his earlier announcement that he would not support the mayor in the general election.

The turnout of 153,118 voters compared with 200,000 when Stokes, the 42-year-old grandson of a slave, unseated incumbent Ralph Locher in the 1967 primary.

Perk said the smaller turnout indicated disenchantment with Stokes and promised a vigorous campaign in his bid to become Cleveland's first Republican mayor in 28 years.

## Trial Set For Accused Slayer

ANN ARBOR (AP) — Ernest Bishop Jr., the Ann Arbor garbage man accused in the slaying of 25-year-old University of Michigan coed Margaret Phillips, will be tried for her murder Dec. 8.

Miss Phillips was shot to death in her apartment near the university campus July 5.

A defense motion to suppress testimony on the murder charge was denied by Circuit Court Judge John Conlin Wednesday. He ordered criminal records of any witnesses turned over to Bishop's defense attorney, Sheldon Otis of Detroit.

Conlin said he would consider a blanket motion to prohibit all officials involved in the case from making statements about the case outside the courtroom.

Bishop was returned to the Washtenaw County jail where he is held without bond.

back of the machine shed. If this is your picture of a family type farm then it is rapidly passing from the scene. If, however, to you a family type farm is one owned and operated by one family, then it looks like the family type farm is here to stay.

The U. S. Census shows that 95 per cent of the farms in the U. S. are family owned and operated. This is the same as it was back in 1949. Of course, the number of farms has declined during this period and so has the number of farm families.

What then has happened to this family farm? The answer is simple — it has gone commercial. By that I mean it has gotten big and in many cases it now produces only one main product. It could be milk, eggs or beef but the farm specializes in one product.

No longer does a family farm start with 40 acres of land, a plow, a horse, and a wife with a strong back. Many family farms today have from \$75,000 to \$250,000 invested in land, buildings, stock, etc. The electric bill on one of these farms is more than the total farm income used to be when dad was a boy.

What about income? The experts say the family type farm should take in at least \$20,000 and be reaching for \$40,000.

In other words, we still have the family type farm, it just looks a lot different.

## Big Bay de Noc High School Elects Officers

NAHMA—The Senior Class of Big Bay de Noc High School is presently involved in raising funds for their class trip.

Toward this goal they have completed their magazine subscription sale and held a record hop at the Nahma Club.

The Seniors have also started selling candy, popcorn and potato chips during lunch hour. They will also sponsor a turkey dinner on Nov. 15.

Roger Harbin of the Intermediate School District will be at the Big Bay de Noc High School every Monday to counsel students with special problems.

Class Advisors at Big Bay de Noc are: Senior class, Ken Marvick; Junior class, Jack Tripp; Sophomore, Mrs. Ruth Ritter; Freshman, Carl Frieberg; Student Council advisor, Mrs. Pat Schwartz; Cheerleader and class play advisor, Carol Haindl; Year Book and School Paper, Mrs. Lenore Tatrow.

Class Officers are: Seniors; President, Richard Lester; Vice President, Debby Tangway; Treasurer, Cheryl Orr; Secretary, Cheryl Turak; Student Council, Jerry Morrow, Linda Morehouse.

Juniors: Gwen Minor, Marcia Jehren, Lena Lucas, Randy Strasser, Larry Denny and Karen Juneau.

Sophomores: Paul Groleau, Roger Silkworth, Janice Strasser, Phyllis Middaugh, Kathy Morehouse and Kim Hartman.

Freshman: Bill Haindl, Patty Farley, Jean Strasser, Shanna Middaugh, Leo Bodette and Jackie Hebert.

## Cornell

WSCS Meet

The WSCS of the Cornell Methodist Church held their monthly meeting recently at the church and Mrs. Frank Carlson presided at the business session. Scripture readings and an article on prayer was given by members. Hostesses for the day were the Mesdames Richard Wight and Orville Wolfe.

## Nixon Rapped For Vietnam 'Maneuvers'

HARTFORD, Conn. (AP) — Sen. George S. McGovern charged today that instead of fulfilling his pledge to end the Vietnam war, President Nixon "has apparently decided to purchase public patience by successive, carefully timed, token withdrawals of our troops."

In a speech prepared for the annual meeting of the Associated Press Managing Editors, the South Dakota Democrat said "There is every indication the administration is more sensitive to the wishes of Gen. Thieu (South Vietnamese president) than to the cry of our own citizens that the war be ended now."

"These maneuvers will not work. The longer we linger, the longer we refuse to break with the policies of the past, the longer we shall be enmeshed in the futile waste of our blood and treasure in Southeast Asia—perhaps next in Thailand."

McGovern, a persistent critic of U.S. involvement in Vietnam and a possible contender for the 1972 Democratic presidential nomination, also charged President Nixon with "a policy of retreat from responsibility."

The administration, he said fails "to understand the scope or seriousness of either our domestic or foreign problems."

"The forces for change are as strong today as they have ever been, and those who would deny their existence are the real threat to our national security."

He pointed to such domestic issues as overcrowded schools, clogged highways, rising farm costs, pollution and high taxes, and said: "I can only assume that those to whom the leadership has passed, and some who aspire to leadership, feel that the time is not right for solutions to these problems."

## Migratory Bird Shooting Times Are Announced

Robert W. Timmler of Escanaba, district law supervisor for the Department of Natural Resources, announced the following times will prevail for shooting migratory birds:

Oct. 1-31: Lower Peninsula and Eastern Upper Peninsula 7 a. m., to 5:25 p. m., EST; Western Upper Peninsula 7:15 a. m., to 4:45 p. m., EST.

Nov. 1-30: Lower Peninsula and Eastern Upper Peninsula, 7:45 a. m., to 5 p. m., EST; Western Upper Peninsula 8 a. m., to 5:15 p. m., EST.

The eastern Upper Peninsula is east of a line described as follows:

Starting at the tip of Stony Point in Sec. 28, T40N, R19W, Delta County; northwesterly along the shoreline of Big Bay de Noc to the town of Nahma; north on county highway 497 to highway U. S. 2 in Sec. 1, T40N, R20W; east on highway U. S. 2 to the junction of Federal Forest Highway 13 in Sec. 6, T40N, R19W; north on Federal Forest Highway 13 to Highway M 28; northwesterly on M 28 to the junction of M 28 and Elm Avenue in the city of Munising; north on Elm Avenue to the shore of Lake Superior; thence north from the shoreline to the International Boundary.

All portions of the Upper Peninsula west of this line will abide by the shooting timetables for the Western Upper Peninsula.

On Oct. 10 the opening hour will be 10 a. m., EST statewide. Duck season runs from Oct. 10 to Nov. 18 and goose season, in the Upper Peninsula, runs from Oct. 1 to Nov. 30.

All persons are cautioned to abide by these shooting hours for migratory birds.

## Authority Says He Has Defense Against Cancer

PHILADELPHIA (AP) — A national authority on cancer says he has had success at finding ways to strengthen the body's natural defenses against cancer.

Dr. George E. Moore, director of the Roswell Park Memorial Institute of Buffalo, N. Y., said this week he was able to grow large amounts of white cells taken from cancer patients. When reinjected into the patient again, he said, they raise the body's resistance to cancer cells.

Dr. Moore cautioned that the work is too preliminary for firm data on results, but said he is encouraged by progress in nine patients currently under treatment.

He added that some skin cancers were eliminated with this new approach to cancer, called immunotherapy, showing that at least in some types of cancer it is possible to make the body's natural defenses attack malignant tumors.

Dr. Moore revealed his results at the American Academy of General Practice meeting here.

# U.P. Teachers Open Conference

Escanaba is host today and Friday to Region 17 and 18 Michigan Education Association public school teachers and about 1,500 are expected to register beginning this morning at the Area Public High School.

Today's speakers are Dr. Murray Banks, psychologist and author, at the first general session this afternoon, and Terry E. Herndon, executive secretary of the MEA.

Herndon will talk to the educators at their annual banquet program at the Terrace Supper Club at 6:30 tonight. His topic is "MEA-Meeting the Challenge for Change."

Group meetings beginning today and continuing into Friday encompass a variety of topics of educational interest, designed to better equip teachers in their profession and thus benefit their students.

Indicating the broad scope of the workshops are subjects ranging from art and audio-visual through elementary science and foreign languages to home economics and physical education and physical science.

There are two general sessions Friday morning, both in the Area High School gym.

Dr. Louis Rubin, director of the Center for Coordinated Education at the University of California, Santa Barbara, will speak at 9 a.m. on the topic of "Life Skills in School and Society."

Edd Doerr, Washington, D.C., of the staff of Americans United for Separation of Church and State, will speak at 10:30 a.m. at the closing general session.

## Censoring Of U.S. War News Denied

SAIGON (AP) — The U.S. Command denied today it is investigating charges that the Armed Forces Radio and Television network is censoring war news for American troops in Vietnam.

The command said a cable to an Ohio congressman meant it was making a "comprehensive review" of the situation of a soldier formerly on the network's news staff, not of the soldier's censorship charge.

Rep. Chalmers P. Wylie, R-Ohio, said Wednesday in Washington the cable was a reply to his query about Spec. 5 Michael Maxwell of Columbus, Ohio, who asked to be transferred from the network's news staff because, Maxwell said, war news was censored.

The U.S. Command spokesman said the cable read: "A comprehensive review of the situation is under way and you will be further advised as soon as possible."

REV. EDWARD A. MALLOY, who retired as pastor of St. Joseph's Church, Perkins, July 11, celebrated his Golden Jubilee Mass Tuesday at St. Anne's Church in Escanaba. Chief concelebrant of the mass was Bishop Charles A. Salatk of the Marquette Diocese. He was joined at the altar by Rev. Malloy, Bishop Cyril Vogel of Salina, Kan., Rev. Henry Thieffels of Detroit and Rev. Herman Fadale of Caspian. In the sanctuary with about 100 priests from the area were Bishops Richard Ackerman of Covington, Ky., and William G. Connare of Greensburg, Pa. Pictured in front of the church are, from left, Bishop Connare, Bishop Salatk, Rev. Malloy, Bishop Ackerman, Rev. Thieffels, Bishop Vogel and Rev. Fadale. A dinner for clergy and guests was held at 6 p. m. with a public reception at 7:30. (Daily Press Photo)

## Mrs. C. Webber Taken By Death

Mrs. Catherine Webber, 83, of Detroit, formerly of Trenary, died at 1:30 p.m. Tuesday, Sept. 30 at Ziegler Hospital in Detroit.

She was born Nov. 4, 1885 in Canada and moved to Detroit from Trenary in 1949. She was a member of St. Rose Church, Detroit.

Survivors include her sons, Leslie, Norman, Arthur and George, all of Detroit and one daughter, Mrs. Loretta Lempin, Detroit.

Friends may call at the Bowman-Hallifax Funeral Home in Munising after 7 p. m. Thursday and the Parish Rosary will be recited at 8 p.m. Thursday.

Funeral services will be conducted at 10 a.m. Friday at St. Rita's Church in Trenary with the Rev. Robert Hass officiating and burial will be in the Trenary Cemetery.

## OEO Grants \$83,277 To Community Agency

Congressman Phil Ruppe's office announced today the approval of a grant to the Menominee - Delta - Schoolcraft Community Action Agency from the Office of Economic Opportunity (OEO).

The amount of the grant is \$83,277, and will provide funds for program administration, community organization and dental care for a period of one year.

"This is a periodic grant given every year for the operation of the agency," said director Ray LaPorte.

LaPorte said the amount given was not the total funds needed for operation. "Our operation budget for fiscal year 1970 is \$90,997," LaPorte said.

He explained that these funds are used for the operation of the main office, six area offices and the dental care program being carried out by the agency.

"The funding has been approved, but Congress hasn't acted on it yet," LaPorte said, adding that his is not unusual.

## Dailey Starts Academy Life

Coast Guard Cadet Fourth Class John P. Dailey, son of Mr. and Mrs. John H. Dailey of 416 First Ave. S., Escanaba, has completed summer training and begun his first year of study at the U.S. Coast Guard Academy in New London, Conn.

Since arriving at the academy in June, Dailey has been undergoing a rigorous program of military instruction. His training has included physical conditioning, military drill, classroom study and a two-week cruise on the Academy's square-rigged training barque the Eagle.

As a fourth classman at the Academy Dailey will pursue a rigid course of instruction. He will also be assigned numerous duties aimed at developing his qualities of leadership which are essential to an officer in the Coast Guard.

He is scheduled to graduate in 1973 with a bachelor of science degree.

## U. P. Investment Session Scheduled

One of the largest groups of resource people ever assembled in the Upper Peninsula will be brought together in Marquette Oct. 9, 10 and 11 to assist U.P. interests in telling the investment potential story to visitors from five states.

From Washington and regional offices of federal agencies, from state level and Upper Peninsula organizations, more than 40 will be on hand to help "sell" the potential of the Upper Peninsula.

The project, co-sponsored by Operation Action and the Upper Michigan Tourist Association, is an effort to put to practical use the survey material and guide lines studies which have been developed in the past.

Tour Chairman W. H. Treloar of Marquette says, "As a practical approach, the sponsors felt that investors would want to see what the area had to offer and a visit, they believed, would be far better than brochures."

The Upper Great Lakes Region Commission, Small Business Administration, Economic Development Administration, Michigan Office of Economic Expansion, State Highway Department, Department of Natural Resources, State Tourist Council, State Chamber of Commerce, Upper Peninsula Realtors Association, Associated Chambers of Commerce and others will be in Marquette for interviews, and to supply reference materials. Some eight private consultant firms will participate through visual displays, reference materials, and personnel.

In addition, it is anticipated the Upper Midwest Research and Development Council of the Ninth Federal Reserve District will send personnel. One of the contributors will be the Upper Peninsula Committee for Area Progress which will provide economic data not only for reference, but for assisting in program development for the three-day conference.

Green Berets Not Satisfied With Army Statement

NEW YORK (AP) — An attorney in the Green Beret case said today that seven of the men involved are "very dissatisfied" with the statement by Army Secretary Stanley R. Resor in dropping the murder charges against them.

Henry D. Rothblatt of New York said the Green Berets feel they are still tainted with an "implication of guilt" in the alleged slayings of a Vietnamese civilian, reputed double agent and that Resor should have stated that "there was a complete lack of evidence and that these men had committed no crime."

"Instead," Rothblatt said, "he made the unfair statement that the Army dropped the charges only because the CIA would not testify."

"We will try to clear this up before the court of public opinion," he said.

## Air Passenger Gain Reported

The number of passengers enplaning and deplaning at Escanaba in September totaled 2,696, an increase of 557 over the same month a year ago, North Central Airlines reports.

The report shows continuing gain for 1969, with new passenger volume records being set almost monthly. North Central Airlines is scheduled to begin DC-9 100 passenger jet service to Escanaba and Marquette on Oct. 26.

Pounds of air mail originating and terminating at Escanaba in September totaled 3,375, a gain of 1,192 pounds over the month last year. Surface mail gained also, up to 1,170 pounds to a total of 7,148 pounds last month.

Both express and freight were down, however, compared to September a year ago, with express totaling 3,962 pounds, down 1,988; and freight 18,345 pounds, off 5,541.

## Quake Injures Many On Coast

SANTA ROSA, Calif. (AP) — At least 24 persons were injured by two earthquakes that ruined two houses here Wednesday night, knocked out electrical power and broke gas and water mains.

No fatalities were reported. A third tremor, milder than the first two, was recorded between 5:27 and 5:28 a.m. today.

The tremors centered at Santa Rosa, 60 miles north of San Francisco, but were felt as far south as Gilroy, 75 miles south of San Francisco.

Brick Wall Falls

A 20-foot wide section of brick wall fell from the third story of the Miramar Bar to the street, heavily damaging a parked automobile.

Pacific Gas & Electric Co. said electrical power was off for eight minutes in the city of nearly 50,000 residents. The utility called in emergency crews and had 50 men shutting off leaking gas mains. One small fire was extinguished before there was serious damage.

Water from broken pipes caused damage in one department store.

Injured persons were taken to three hospitals in the Santa Rosa area. Most suffered cuts caused by broken glass, although there was one report of a broken neck.

One house was jolted four feet off its foundations and another was so badly rocked that it probably will have to be demolished.

Seismologists at the University of California in Berkeley said the first quake was at 9:56 p.m. and the second at 11:19 p.m. and that both registered at between 5.5 and 5.6 on the Richter scale.

The Richter scale is logarithmic, each higher number representing 31 times the energy of the preceding number.

In 1906, the San Francisco earthquake registered at 8.25.

## Honor Wickholm And Trebilcock

An Escanaba man and a former U.P. resident, both of the Michigan State Highway department, are retiring and both are to have roadside parks named for them, the State Highway Commission reports.

They are Edward E. Wickholm of Escanaba, who was honored today at a luncheon at the Sherman Hotel; and R. A. "Barney" Trebilcock of Coldwater, who was born at Isle Royal Mills, a Houghton County mining town.

A park on U.S.-2 west of M-77 in Schoolcraft County is named to honor Wickholm, who will retire this month after 42 years with the Department.

A replica of the sign that will appear at the park was presented to Wickholm today at his retirement luncheon. Making the presentation was Wallace D. Nunn, vice chairman of the State Highway Commission and chairman of the Commission's park naming committee, and joining in the recognition program was Commissioner Claude Tobin of Escanaba.

Wickholm, who will be 70 on Sunday, is a right of way engineer assigned to the Department's Escanaba office. He is the Department's second oldest employee in terms of service, and he was commended recently by Gov. William G. Milliken for his long service to the people of Michigan.

Wickholm was born in Munising and graduated from Munising High School. He served with the Michigan Militia in Laurium (Houghton County) until the organization was disbanded following World War I.

He completed correspondence courses in engineering drafting at the former Doble Engineering Institute in Chicago, and from 1920 to 1927 was a draftsman and designer in Chicago and Munising.

Wickholm joined the Highway Department in August, 1927, as a roadman. He served as a draftsman from 1929 to 1937, and has been assigned to the Right of Way division since 1937. He has always been assigned to the Upper Peninsula, and he has the distinction of serving in all but the first two state highway administrations.

Retirement plans include travel and camping with his wife, Freda, and keeping up his crafts and hobbies. The Wickholms have two children and six grandchildren.

Trebilcock, who will retire on Saturday, was head of the programming section of the Department's transportation planning division. He was city engineer at Norway and then at Coldwater before joining the department.

The park to be named for him is in Cass County.

## Hospital

Lawrence Valiquette, 24, of Escanaba Rte. 2, is reported in fair condition today at St. Francis Hospital. He suffered chest injuries in an accident while at work at the Harnischfeger Corp plant early Wednesday. He is employed as a sandblaster.

ate with their capabilities, in keeping with their biologic age rather than with their years. Retirement based on age is fast becoming obsolete.

# Unique Bell Ringing Group Makes Scene

Driving acid rock and straining amplifiers beat out a stereotype of today's younger generation of music makers. But there's a group of teens from a small church in Michigan's Upper Peninsula who play some pretty contemporary music on handbells, and they even read notes.

Starting in the fourth grade, with the only requirement be-

## Births

**FORSHEY** — Mr. and Mrs. Andrew E. Forshey of 1530 Sheridan Road, are the parents of a daughter, Laurel Lynn, born at 9:22 p.m. on Sept. 30. The infant weighed 7 pounds and 6 ounces at birth. The mother is the former Claire Anderson.

**NELSON** — A daughter, the first child in the family, was born to Mr. and Mrs. Michael J. Nelson of 404 Lake Shore Drive at 12:25 p.m. on Oct. 1. The infant weighed 7 pounds and 4 ounces at birth and has been named Kristine Anne. Mrs. Nelson was Carole Chaudoir.

**PAULIN** — Mr. and Mrs. James L. Paulin of 306 N. 18th St., welcomed their first child, a son, Kenneth Lester, at 2:18 p.m. on Oct. 1. The infant weighed 9 pounds and 12 ounces at birth. The mother is the former Vivian Willette.

**WILLS** — At 5:20 p.m. on Oct. 1 a son, Scott David, was born to Sgt. and Mrs. Robert R. Wills of 305 N. 20th St. The infant weighed 7 pounds and 11 ounces at birth. Mrs. Wills was Barbara Plouff.

**LEASK** — A daughter, Michele Lee, weighing 7 pounds, was born to Mr. and Mrs. Walter T. Leask of 318 1st Ave. S. at 3:03 a.m. Oct. 2. The mother was Patricia Anderson.

**TAPANI** — Mr. and Mrs. Ray A. Tapani of Mounted Rte. Gladstone, are the parents of a daughter, Erika Lynn, born at 8:45 a.m. on Oct. 2. The infant weighed 7 pounds and 1 ounce at birth. Mrs. Tapani is the former Sandra Hughes.

# Women's Activities

Mrs. Marvin D. Germain

## Mary K. Vesel Bride Of Marvin D. Germain

Our Lady of Lourdes Church in Engadine, was the setting Saturday, Sept. 20 for the wedding of Mary Kay Vesel and Marvin Dale Germain, both of Engadine.

Officiating at the double ring nuptials at 4 p.m. was the Rev. Donald Hartman. The bride is the daughter of Mr. and Mrs. Louis Vesel and parents of the bridegroom are Mr. and Mrs. William Germain, both of Engadine.

Maid of honor was Debra Ann Vesel, sister of the bride, and bridesmaids were Dawn Gooseberry, cousin of the bride, Gloria Greenwald and Joan Troyer.

Serving as bestman for his brother was Ken Germain and groomsmen were James Zibart, Ken Troyer and Delmar Kovar.

### Cage Gown

The bride wore for her wedding a floor length white toga

cage gown of Chantilly lace fashioned with a wedding ring collar, trimmed with pearls, long sleeves and a chapel length train.

A forward petal cluster headpiece with crystal teardrops held her triple tiered elbow length illusion veil and she carried a white carnation bouquet.

### Apricot Chiffon

The bridal dresses were attired in floor length cage effect gowns of apricot chiffon styled with short puffed sleeves and draped backs. Flower trim accented the high rise bodice. Pearl combs with matching maline veiling formed their headpieces and they carried a single white rose.

The mother of the bride selected an aqua blue dress with jewel accents at the neckline and cuffs. Matching accessories completed her attire and she was presented a white carnation corsage.

Mrs. Germain wore a hot pink coat and dress ensemble with matching accessories and pinned a white carnation corsage.

**Reception**  
After a reception for 500 guests at the Garfield Township Hall at Engadine, the couple left on a honeymoon trip through the Copper Country. They are now at home in Engadine.

The bride is a 1968 graduate of Engadine Consolidated School and Mr. Germain is a 1965 graduate of the same school. He is employed with the Germain Construction Co.

## Promenaders Elect Officers

Newly elected president Tom Morin presided at an organizational meeting of the Promenaders Square Dance Club recently.

Other officers elected for the 1969-70 season were Ida and Forrest Mitchell, secretary; Shirlee and Floyd Lancour, treasurer; Isabel and Clarence Gelina, refreshments and Annice and Bob Cappear, publicity.

It was decided that the next dance would be held Oct. 11 at the Eagles and would be a "Come As You Are" dance. Elmer Walker will be the caller and a special invitation is extended to new dancers and former members of the Promenaders.

## Delta Bridge League Begins New Season

The Delta Duplicate Bridge League will hold its first session of regular play Saturday night at the Elks Club. Registration will be at 7:30 and play will begin promptly at 8.

There will be a new trophy awarded this year to the individual or team scoring the highest average throughout the year.

All newcomers are welcome to attend and anyone wishing to play duplicate bridge will be given instructions.

## Lakeside Church Launches New Growth Program

The Lakeside Church of Christ in concert with many Churches of Christ and Christian churches throughout the country has launched a program for growth whose goal is to double the size of the congregation in less than five years and then double again.

The first phase of that operation is now underway and is entitled, "God's Word for Growing." In September the program was launched with, "Visit the Preacher," week in which members of the congregation were invited to call on the minister. Each were challenged then to commit themselves to assist in the growth program.

Sunday, Oct. 5 begins 10 weeks of Bible teachings. The sermon topics and texts have been announced in advance.

This Sunday the first message of this Bible based campaign is entitled, "Is the Bible God's Book?" The evening service will feature 10 great chapters of the Bible and the first chapter is Genesis 1. The message is, "The Creation."

It is Bible Night and there will be a display of unusual Bibles. Anyone having a rare or unusual Bible is welcome to share it. Each person should bring his personal Bible.

In connection with this total program a new evening service and youth meeting was begun in September. Attendance has been encouraging. Senior and Junior Youth Groups are meeting at 6:30 and a combined evening service begins each Sunday evening at 7:15. Morning services and Bible School are at 9:45 and worship at 10:45.

Members of the Community are welcome at any of the services and are encouraged to attend the special services beginning at 7:15 for the next 10 Sunday evenings Oct. 5 - Dec. 7.

Special evangelistic services will also be conducted Nov. 2-7 by Robert W. Palmer, minister of the South Lansing Church of Christ, Lansing.

## Events

### Sharon Shrine

There will be a regular meeting of the Sharon Shrine, 45 Order of W. S. of Jerusalem Tuesday evening at 7:30 at the Iron Mountain Masonic Temple. There will be a special election for the office of W. chaplain.

## Nahma

The Mother Cabrini Circle met Tuesday evening at the home of Mrs. Edward Sheed. Lunch was served by the hostess. Games were played and a prize awarded to Mrs. Homer Beauchamp. The next meeting will be held at the home of Mrs. Homer Beauchamp.

Mrs. William J. Rogers and Mrs. William Rogers Jr. of Gladstone spent Saturday in Menominee.

More people get more news from newspapers than all other sources combined.

PICTURED IN HER regal robe and crown, is the 1969 TOPS queen, Mrs. Hildegard Seppa of the Ishpeming Hematite TOPS Club following her selection at the annual U. P. TOPS Area Recognition Day held last Saturday at the Escanaba Area High School. Also pictured are two division winners selected during the afternoon competition. (Daily Press Photo)

## Successful TOPS Club Convention Held Here

The eighth annual U. P. TOPS (Take Off Pounds Sensibly) Area Recognition Day was held at the Escanaba Area High School last Saturday with over 450 women from all over the Upper Peninsula in attendance.

Mrs. Albert Melchiori of Caspian, area supervisor, stated, "this was the largest convention of TOPS Clubs ever held in the U.P." Last year some 370 club members attended the meet held on the campus of Northern Michigan University.

### Harvest Theme

This year's meet, hosted by the Silhouettes Club of Escanaba, was organized to recognize the achievements of members during the past year. This year's theme was, "Harvest of Happiness."

The meeting opened at 9 a.m. Saturday with registration followed by officers' meetings, a noon diet luncheon and an afternoon talent show.

**Special Research**  
Also included among the afternoon events was a speech by Mrs. John Berrigan and Mrs. Marlene Johnson, members of the Silhouettes, on the TOPS research clinic in Deaconess Hospital, Milwaukee. They spoke on the obesity research which is being conducted at the clinic.

### New Queen

Highlight of the day's activities was the crowning of the TOPS Queen, Mrs. Hildegard Seppa of the Ishpeming Hematite TOPS Club who posted a 78 pound weight loss for the year. She was crowned by last year's queen, Mrs. Sally Scheels of Wakefield.

Mrs. Seppa has been a member of the Hematite Club for two years and a TOPS member for nearly five years. She was also a Division 2 winner this year.

**KOPS Queen**  
A new addition to the meet this year was the crowning of a 1969 KOPS queen (Keep Off

Pounds Sensibly), and selected was Mrs. Blanche Linna of the Slimmer Gwinners KOPS Club. Mrs. Linna lost 51 pounds over a year and a half and has been able to maintain her desired weight. She has been a TOPS member for two years.

Present for the all day event was Mrs. Anne Haggart of Detroit, member of the board of directors of TOPS Club Inc. of Milwaukee and secretary of the board.

### Traveling Plaques

The Negunee Weight Whittlers were awarded a traveling plaque for the club with the lowest average loss per member, 16.3 This is the first time an Upper Peninsula club has received the award.

Serving as mistress of cere-

monies for activities throughout the day was Mrs. Karen Milhalic of the host Silhouettes Club. Piano music for the various events was furnished by Bonnie Evans.

Making arrangements for this very successful TOPS convention were: Adress Melchiori, area supervisor; Karen Milhalic and Elaine Beribeau, convention chairmen; Margaret Broman, decoration chairman; Sandy Smith, convention secretary and Betty Denessen, treasurer.

## People

Laura Ann Norton, daughter of Mr. and Mrs. Ralph J. Norton, 1230 S. 14th St., has enrolled in the executive post-graduate course at Prospect Hall College, Milwaukee. She began her training on Sept. 18.

# Hoholik Reports On Plans For Paper Co. Expansion

A broad outline of the expansion program at the Manistique Pulp and Paper Co. was revealed by Frank S. Hoholik, president and chief executive officer of the mill, on Tuesday at a noon luncheon, according to published reports in the Manistique Pioneer-Tribune.

The mill's plans are divided into two phases with the first phase to include the total replacement of all parts on the mill's paper machine built 50 years ago. Two years ago the mill replaced about half the parts, increasing the speed of the machine from 900 feet per minute to 1,500.

The current project, scheduled to get underway "immediately," means that every part not replaced two years ago will be,

## City Police Nab Second Escapee

Aaron Ziegler was back in the county jail Wednesday after forty-two hours of freedom. The 19-year-old walk-away was picked up at 11:53 Wednesday morning behind Beano's Laundromat on Deer St. by Public Safety Director Roy Anderson.

Anderson said a resident of S. Second St. spotted Ziegler in a driveway, called the police department and reported he was headed in the general direction of the laundromat. Ziegler offered no resistance when Anderson approached.

The escapee had been the object of a cooperative law enforcement search since he was reported missing from the jail Monday at 5:55 p.m. He and his cellmate, Thomas H. Coleman, a 25-year-old Pennsylvania man held on a morals charge, walked away together. Coleman was found Tuesday morning on U.S. 2 near Garden Corners. At the time of his return, Coleman told officers he didn't know where Ziegler was hiding since they split up right after their escape.

Ziegler said he spent his free time within the city and had slept in a cardboard box behind the Clark gasoline station, corner of U.S. 2 and Deer St., Tuesday night.

Additional warrants and charges are expected to be issued against the two men.

## Hospital

Admitted to the Schoolcraft Memorial Hospital Tuesday were Lucille Archey and Dominic Beaudry.

Discharged were Doris DeRocher, John Konte, Evelyn Swartstrom and Harry Lamkey.

## Schoolcraft County EVENTS AND NOTICES

Past Matrons Club, O.E.S., will meet Mon., Oct. 6 at 8 p.m. at the home of Mrs. Clifford Cool, 500 Gero Ave.

The Merry Makers Square Dancers will meet at 8 p.m. Saturday in the Hiawatha Gym with Ernest Hoholik as caller. Bring cookies or sandwiches for lunch. Everyone is welcome to attend.

The Lincoln PTA will meet tonight at 8 p.m. in the Lincoln Gym with principal Vernon Annelin as speaker. Sixth grade mothers will be hostesses with Mrs. William Hough as chairman.

The Women's Association of the Church of the Redeemer, Presbyterian, will hold a rummage sale in Westminister Hall of the church on Friday, Oct. 3 beginning at 9 a.m. Rummage should be brought to the church by Thursday.

"The Lord's Acre Auction," sponsored by the Fayette Congregational Church will be held Oct. 11 beginning with lunch at 11:30. Continued selling until everything is auctioned. Call 644-2676 for information.

The Manistique School and Public Library is open daily, Monday through Friday, from 8 a.m. to 4:15 p.m. The library is also open Wednesday and Friday evenings from 6 p.m. until 8:30 p.m. Library service is available to Cooks patrons at the Inwood Township Hall on Wednesday evenings from 6 p.m. to 8 p.m. and in the Gernfask School from 6 p.m. to 8 p.m. on Thursday evenings.

K-C and Bishop Baraga Rummage Sale at the Trudeau Store, 623 Deer St., Thursday and Friday from 1-4 p.m. Donations may be left at the store.

Alcoholics Anonymous meet every Thursday and Sunday night in Manistique. For further information write Post Office Box 3, Manistique or call 341-2440.

Daily Rummage Sale sponsored by St. Jude Circle in the garage of Mrs. William A. Norton, 121 S. 2nd St.

Presented as a Public Service Every Week By:

**ESELCO**

and the speed of the machine boosted to 2,200 feet per minute, the equal to any other modern paper machine in the country. The first phase will also include other improvements to existing facilities at the plant, reported the Tribune.

**Second Phase Survey**  
Phase II is designed to again "substantially increase" the mill's capacity. Engineering

## MANISTIQUE

### Nancy Jackson 1969 Homecoming Queen

Nancy Jackson, a senior at the Manistique High School, was elected Homecoming Queen for 1969 in balloting at the school on Monday. Miss Jackson is the daughter of Mr. and Mrs. Joseph Jackson, 133 S. Second St.

Named to her court were seniors Maureen Fagan, daughter of Mr. and Mrs. Maurice Fagan, 137 S. Mackinac Ave.; Susan Hanson, daughter of Mr. and Mrs. David Heinz, 321 Oak St.; and Ann Malloch, daughter of Mr. and Mrs. Earl Malloch Jr., 542 Michigan Ave.

Queen Nancy and her court will reign over Homecoming festivities at the high school the

## 23 Students Take Part In Debates

Twenty-three high school students have signed up for debate this year, coach Marvin Frederickson has announced. Topic for debate this year is: "Resolved: That Congress should prohibit unilateral United States military intervention in foreign countries."

No varsity debaters are returning to the team this year although three reserve members — John Carlson, Sharon Frederickson, Ann Hubbard and Cindy Johnson — are back from last year.

Seniors include Sara Brandstrom and Carole Peterson; Juniors John Carlson, Mary McLaughlin and Beth Stoltzfus; Sophomores Susan Brandstrom, Kathy Brouillette, Sharon Frederickson, Cindy Johnson, Eileen Mathson, Robert Moffat and Ann Hubbard; Freshmen Ann Burns, Patricia Cousineau, Vicki Frenette, Bert Gerber, Dorothy Johnson, Valeria Lyntz, Barry Messer, Mark Munson, Gail Schwartz, Bonnie Sundin and Kevin Smith.

studies for this portion of the project are currently underway, Hoholik is quoted, but eventually it will involve additional investment in equipment for producing corrugated products.

"I am not in a position at this time to elaborate or go into details on this second phase," Hoholik said. "Some things I cannot tell you because I do not know the answers. We are still

## MANISTIQUE

### Nancy Jackson 1969 Homecoming Queen

weekend of Oct. 10. The Emeralds will meet Newberry in the traditional homecoming football contest.

A parade is planned as part of the activities and students have begun work on their class floats. Seventh and eighth graders are merging their talents this year to compete with the upperclassmen in the float judging.

## District Court

Four Sault Ste. Marie, Mich., youths paid fines of \$25 and costs of \$15 for being minors in possession of intoxicants. Assessed were Robert M. Burt, Larry Myers, David A. Peterson and Dana B. Jewell.

Timothy A. Bell, Rte. 1, was ordered jailed for two days and fined \$20 and costs of \$20 for being a minor in possession of intoxicants. He also paid \$10 and \$8 for no insurance proof.

Carol L. Turk, Star Rte., was fined \$60 and costs of \$40 for driving while under the influence of intoxicants.

William L. Wedegartner, 233 Walnut St., and John H. Williams, E. Lakeshore Dr., paid fines of \$10 and costs of \$11 for transporting guns without a license in a game area. Harry Toennessen, 131 N. Third St., paid \$10 and \$8 for burning without a permit. The three charges were brought by Department of Natural Resources officers.

William Adams, 212 N. Third St., and Milton Herro, Manistique, each paid \$7 and \$3 for violation of city dog ordinance.

Paying fines and costs for speeding were the following motorists:

David B. Baranick, Minot, N. D., \$20 and \$10; Forrest Milzow, Drayton Plains, \$20 and \$7; Carl D. Cramer, Kalamazoo; Patrick J. Macdon, St. Ignace; Michael J. Wendland, Union Lake; Robert B. Harten, Sault Ste. Marie, Ont.; Roger C. Stratil, Muskegon; Walter Bednarsky, Montreal, Que.; Richard N. Strong, Pontiac; and Steven Usetula, Flint, each \$15 and \$10. James S. Collier, Negaunee, \$15 and \$5; Harold Maseles, Berkley, \$10 and \$10.

Paying \$10 and \$8 for speeding were Robin D. Steinhoff, Ishpeming; Robert A. Marrs, Indian River; Howard C. Schmidlin, Beverly Hills; Anthony M. Garrett, Iron Mountain; Herbert W. Lemcoo Jr., Traverse City; Gerald Whitlock, Marquette; Kraig K. Kallio, Winnemucca, Nev.; Leroy L. Doering, Crofton, Neb.; Anthony J. Verney, St. Clair Shores; Jay A. Mattila, Republic; William J. Evans, Birmingham; Thomas Stomper, Walled Lake; Lolly Ann McLeod, Wilson; Charles H. Carlson, Marquette; David H. Christie, Ludington; John J. Iskra, Ontonagon; Ronald Kendrick, Indianapolis; and Henry G. Dietzel, Houghton.

In other cases: Michael J. Lund, Cooks, careless driving, \$25 and \$10; Floyd A. Pehn, Whitmore Lake, violation of license restrictions, \$5 and \$5; Golden Brock, Box 58, no registration plate, \$5 costs; Ryan Chartier, Rte. 1, expired operator's license, \$5 costs; Ormel A. Repp, 550 Alger Ave., driving without headlights, \$5 costs.

## Briefly Told

The Order of Eastern Star, Ida Chapter 54, will meet in the Masonic Temple at 8:15 p.m. Saturday. Hostesses will be Mr. and Mrs. George Rasmussen, Mr. and Mrs. John Davidson and Darlene Turpin.

## Births

CARON — Mr. and Mrs. Glenn Caron, 516 Oak St., are the parents of a baby boy born Tuesday, Sept. 30, at the Schoolcraft Memorial Hospital. The infant weighed seven pounds and four and one-half ounces. The mother is the former Eva Carlson.

involved in a very detailed engineering survey." He said that it would involve "considerable investment" in plant and machinery, and added that the firm was going to embark on a multi-machine operation because they have garnered the support of the town and of their employees.

The Tribune report commented on the opportune time of the mill's announced expansion plans which, since new jobs are being created, will qualify the mill and the City of Manistique for 70 or 80 per cent federal financing on a joint application for a secondary treatment facility.

(Both the city and paper mill have been directed to comply with a state regulation to establish a facility to remove 80 per cent of the phosphorous content of their wastewater.)

**First In State**  
The city and the mill would share in the remaining cost, the article pointed out.

Such a cooperative governmental-private industry effort would be a first for the Upper Peninsula and one of the first in Michigan and would be a major attraction for new industry because of increasingly stringent requirements on wastewater treatment.

Coupled with the city's industrial park, offering site and adequate power in addition to the wastewater treatment facilities, would prove a powerful magnet for industrial expansion, the report continued.

Community leaders were enthusiastic in their comments on the mill expansion program. The local mill is a subsidiary of Field Enterprises, Inc., of Chicago.

## Church Events

**Zion Lutheran Church**  
City Manager Robert L. Noe will discuss the new senior citizens housing and the low income family housing project when the LCW of Zion Lutheran Church meets for their regular monthly meeting Tuesday, Oct. 7, at 8 p.m. in Augustana Hall. The Esther Group is in charge of the program. A question and answer period will follow Noe's talk.

Hostesses for the meeting are Mesdames Max Larson, Leonard Helm, Robert Jetty, William Arnold, Aldred Jarley, Henning Mattson and Erland Danielson. All ladies and their guests are invited to this meeting.

The executive committee of the LCW will meet Tuesday, Oct. 7, at 7 p.m. in Augustana Hall. All members are asked to attend.

## Detroit Mayor Candidates To 'Battle' On TV

DETROIT (AP)—Detroit mayoral candidates Richard Austin and Roman Gribbs have agreed to face each other in five hours of televised debates with the first session to begin Oct. 12.

The first one-hour debate will be governed by ground rules which forbid either candidate from using notes or prepared statements.

The debate schedule comes nearly three weeks after Austin challenged Gribbs to meet face-to-face as often as possible during their campaigns. Gribbs accepted the challenge Sept. 16 and the two appointed aides to work out details.

In their first appearance over WKBD-TV, Channel 50, each candidate will make opening remarks, field questions from a neutral moderator and rebut comments by his opponent.

Austin and Gribbs also will debate over Channel 50 on Oct. 19 or 26 and Nov. 2. Over Channel 46, WWJ-TV, the candidates will meet Oct. 31, and over WXYZ-TV, Channel 7, they will debate on Nov. 2.

Election eve, Nov. 3, the candidates will be given a half hour of free time on WJBK-TV, Channel 2. Several racial and non-broadcast confrontations are also scheduled.

## Cadillac 'Boss' Ends Employment After 43 Years

DETROIT (AP)—Arthur J. Renc says a doctor told him in his youth, "work hard if you want a healthy body."

Renc, 65, retired Wednesday after 43 years with General Motors' Cadillac division—without ever having missed a single day due to illness.

At retirement, Renc had seen 2,754,965 Cadillacs slide down and off the line under his supervision as superintendent of final assembly.

Renc joined Cadillac as a car tester at its Oak Park, Ill., sales branch in 1926 and joined Cadillac in Detroit in 1936 as a quality control engineer. He was promoted to superintendent of final assembly in 1942.

## Senators Finish Winning Season

By The Associated Press  
It was indeed a whole new ballgame for the Washington Senators, just like they said it would be.

That's what the Senators were predicting last winter when they lured the great Ted Williams out of retirement to take on one of the most difficult jobs in baseball—managing the sad sack Senators.

Immediately, Washington took new life and color and the rallying cry became, "it's a whole new ballgame." In 1969.

But could even Williams, a former 400 hitter, but never a manager, make it come true with a team that finished with a 65-96 record in 1968 and had not reached .500 since 1953?

The Senators completed the answer Wednesday night when they nudged the Boston Red Sox 3-2 in their season finale, and finished with 86 victories, 10 games over .500.

The stunning turnaround didn't win them any titles, but the Senators must be satisfied with their fourth — place finish, one game behind Boston and four behind Detroit in the East Division.

One of the few disappointments came when Frank Howard went homeless in the finale and failed in a last ditch bid to catch Harmon Killebrew for the home run title.

Killebrew bashed his 49th ho-

## Parents Cause Of Accidents, Says Professor

DETROIT (AP)—Parents who spoil their children may be responsible for the youngsters having accidents, reports a Michigan State University sociologist.

Prof. David Klein told a statewide meeting of physicians, students and public health officers Wednesday in Detroit that many parents want their children to have the things they did not have as youngsters.

"For example," Klein said, "many middle-class parents want their children to have a bicycle at an earlier age than they did. As a result, the average age of children who have the most bicycle accidents is four and one-half years."

Parents also give their children hazardous playthings, such as trampolines, he said. The children may not be prepared for the gift and this can cause accidents, sometimes fatal, he reported.

Taking risks has an appeal, especially among blue-collar workers, he said.

"For instance, people not satisfied with the risks of skiing may be attracted to snowmobiling, which may be more hazardous," Klein said.

Currently, he said, there is nothing to prevent a 10-year old from driving a snowmobile of the highest horsepower.

Many risk takers turn to motorcycles, race cars and parachute jumping, he said.

"These tend to be people whose daily lives lack excitement, variety and general gratification," the sociologist contended.

## Cardinals Seek Third Place Tie

By The Associated Press  
The war has been lost but the battle goes on for St. Louis' stubborn Cardinals.

The deposed 1968 National League champions kept alive their hopes for a share of third place in the East Division Wednesday night by nipping Philadelphia 6-5 on rookie Ted Simmons' run-scoring triple in the ninth inning.

St. Louis, an early casualty in the division title race following two consecutive pennants, trails the third place Pittsburgh Pirates by one game in the league's last undecided contest going into tonight's season finale against the Phillies.

The Pirates stayed in front with a 5-4 nod over Montreal, rookie Al Oliver delivering the winning run with a ninth inning single. They take on the expansion Expos tonight in their season windup.

Elsewhere, left-hander Claude Osteen posted his 20th victory as Los Angeles topped Houston

5-2 under the lights after New York's East Division king shaded the Chicago Cubs 6-5 in 12 innings and San Diego rocked San Francisco 9-4 in day games. Atlanta, the West Division champion, was idle.

Joe Torre drew a walk with two out in the ninth at St. Louis and Simmons followed with the tie-breaking triple, giving the Cardinals their fourth victory in the last five starts. Joe Hague another St. Louis rookie, homered to cap a five-run second inning burst but the Phillies bounced back to tie it with Richie Allen knocking in three runs.

Roberto Clemente beat out an infield hit to open the ninth at Pittsburgh, took third on Gary Sutherland's throwing error and scored the winning run on Oliver's hit. Coco Laboy smacked a three-run double for the Expos, who committed six errors in all.

Tonight, St. Louis sends Bob Gibson after his 20th victory against the Phillies' Grant Jackson. Bob Moose or Lou Marone will pitch for Pittsburgh against the Expos' Mike Wegener.

Osteen, who had failed in four previous bids to nail his 20th victory, scattered eight Houston hits as the Dodgers beat 20-game winner Larry Dierker. Jim Lefebvre delivered four Los Angeles runs with a single en route.

The Mets, who take on the Braves at Atlanta Saturday in the opener of their best-of-five pennant playoff, nipped the Cubs on a run-scoring pinch single by Art Shamsky in the 12th. It was New York's 100th victory of the season.

Nate Colbert knocked in five runs with a triple and his 24th homer, leading the Padres past San Francisco before 2,184 fans — smallest turnout in Candlestick Park history.

## Major League Leaders

## Sports In Brief

Michigan has had more All-American football players, 52, than any other Big Ten school. The last Wolverine to be accorded national honors was Ron Johnson in 1968.

Wolverine tight end Jim Mandich, an All-American candidate from Solon, O., won 12 letters while playing for Solon High School.

## Bison Remain On Top In Small College Poll

By The Associated Press

It was a 19th ranking for Lenoir Rhyne. Then it was 45-0. Now it's No. 5 in The Associated Press small college football poll.

Lenoir Rhyne trounced Presbyterian 45-0 last Saturday and vaulted from 19th to fifth place in the weekly poll released Wednesday.

The top three teams held their position, but there was a major shake-up in the lower rankings. No. 1 North Dakota State re-

ceived seven of 14 first-place votes and 228 points after drubbing the University of Nebraska-Omaha 41-7 for its third victory of the season, 13th straight and 51st in its last 55 games.

Second is Indiana, Pa., State with 167 points, followed by Grambling with 110.

In other changes in the Top Ten, Northern Arizona State fell from fourth to eighth after being whipped 52-7 by Montana and Arkansas State fell from fifth to 16th after being beaten 14-10 by The Citadel, a major college team.

Texas A&I moved up to fourth, and rounding out the Top Ten are Alcorn A&M, No. 6; Weber State; Northern Arizona State and Montana and Northwest Louisiana, tied for ninth.

The second 10 are Sacramento State and Delaware, tied for 11th; Florida A&M; Northern Michigan; Morehead State; Arkansas State, Troy, Ala., State; New Mexico Highlands and Akron, tied for 18th, and Wilkes.

The top 20, with first place votes in parentheses. Points awarded for first 15 picks on basis of 20-18-16-14-12-10-9-8-etc.

1. No. Dak. State (7)	228
2. Indiana (Pa.) St. (1)	167
3. Grambling	110
4. Texas A&I (3)	107
5. Lenoir Rhyne (1)	79

19. Akron	39
20. Wilkes	37

## Ohio End Given Lineman Honors

ATHEENS, Ohio (AP) — "I'm surprised, really," said Ohio University's ace receiver Todd Snyder. "I've never had an honor like this before."

The 6-foot-2, 185-pound split end learned he had been named College Lineman of the Week by the Associated Press for his stellar performance against Minnesota.

"I think Cleve deserves much of the credit," Snyder said. "He was on target almost all day."

Cleve is Cleve Bryant, Ohio U.'s star quarterback, who completed 18 of 27 passes for 194 yards against the Gophers as the two clubs battled to a 35-35 standoff.

Snyder hauled in 12 passes, including the game-tying 14-yard touchdown strike in the final period while surrounded by three defenders.

His receptions, a school record, added up to 122 yards and he gathered in pitches of seven

and five yards for two more touchdowns.

Minnesota Coach Murray Warmath called the Bryant-Snyder duo "the best combination I ever saw." Describing Snyder, he said "his hands remind me of a vacuum cleaner or an octopus with suction cups."

And Paul Giel, a former Minnesota grid star, said "three of Snyder's catches were the greatest I have ever seen."

Snyder staged his heroics against a Minnesota zone defense but he caught nine passes in the second half while double-teamed most of the time.

Snyder, whose father Jim coaches the basketball team at Ohio U., holds nine records at the school with 79 pass receptions for 1,407 yards in his first two seasons.

A sports administration major, Snyder has pro football aspirations and most coaches feel he can't miss. "I'd like a shot at pro ball—it's been my dream."

## Attention Duckhunters!

Get your guns checked, skiffs ready, and repair those leaky waders. Michigan's waterfowl season is already underway with yesterday's opening of goose season. On Oct. 10 the season on ducks, coots, rails, gallinules and jacksnipe will open and continue until Nov. 18.

Most of the action in the Escanaba Area will be concentrated on Portage Marsh, a long productive area for a large variety of waterfowl, and prospects for opening day are bright.

This optimistic outlook, towards what was once considered to possibly be a bleak season, comes from U. S. Fish and Wildlife reports that say game duck breeding populations have increased 12 per cent over last year's figures.

The surveys, conducted by U. S. and Canadian wildlife biologists, were made throughout the spring and summer in the prairie and pothole regions of the U. S. and Canada where most of the ducks we hunt here in Portage Marsh are born.

By species, those showing an increase in the surveys are mallards, up 5 per cent; pintails, up 17 per cent; blue-winged teal, up 20 per cent; and canvasbacks and redheads, up 3 and 11 per cent respectively.

The goose breeding consensus is that nesting is satisfactory although some areas have shown a drop in production. "A good supply of Canada geese is expected to start arriving soon," reports Ed Mikula, state waterfowl expert for the DNR. Mikula points out that huge flocks of birds have already been spotted migrating from Canada.

Duck hunting prospects look good locally. Surveys conducted by the DNR have shown that there were more ducks in Portage Marsh this spring and summer than at the same time last year. "This spring's brooding pair count in the marsh was up 30 per cent over last year's figures," said Joe Vogt, district game biologist for the DNR.

The big increase was made up mostly of mallards which showed up in heavy numbers this spring. Divers have also increased in the marsh.

Some of the earlier migrant ducks have already arrived at Portage Marsh. "Teal, wood ducks, shovellers and baldpates are already there and others are reported on their way," Vogt said. Vogt noted that several locally raised ducks have already moved out and started their long flight south.

Vogt told me that the coot population in Portage Marsh is up this year because of the high water level. The high water will also bring a number of diving ducks to the area. "Redheads, ringnecks, and later scaup will frequent the marsh this fall because of the deeper water," Vogt said.

Limits on coot are 10 daily, 20 in possession. Snipe hunters can collect eight birds daily, have 16 in possession. Rails and gallinules have a daily bag limit of 15, or 30 in possession. The interest in hunting these birds is low, therefore the high limits.

The duck limit is four birds daily or 8 in possession. Ducks in possession shall not include more than one canvasback or redhead, two mallards, two black ducks or four wood ducks.

Warning to would-be hunters! Portage Marsh is no longer a "hip-boat" marsh. The water level is extremely high and anyone who wishes to hunt comfortably should hunt from a skiff or boat.

"The deep water has spread the ducks out," says Joe Vogt. The maneuverability of a boat will bring these ducks within the shooting range of your shotgun. Wading hunters will be at a disadvantage in the marsh this fall.

The best day for duck hunting will, no doubt, be opening day. "Mid-November should bring in a good amount of flight ducks from the Canadian Provinces," Joe added. It looks like it's going to be a long, good season for waterfowl hunters.

# Northern Faces Rough Opponent

MARQUETTE—Back in the victory column after a 24-23 win over nationally ranked Weber State (5th by AP, 6th by UPI), Northern Michigan's Wildcats return home this Saturday to host undefeated Hillsdale College.

Game time is 1:30 p.m. EST at Memorial Field. Hillsdale is riding a seven game winning string that began with a 10-7 victory over NMU last year. This season they have bowled over three foes in easy fashion, blanking the University of Detroit Club team 37-0, whipping Lakeland (Wis.) College 59-7 and handling Olivet 34-3.

Northern is 2-1 with wins over Northern Iowa 23-14 and Weber State. The lone Wildcat loss came at the hands of undefeated national champion North Dakota State 28-14.

Hillsdale, which has used 18 ball carriers in the first three games, is paced by halfback Dick Kraatz who has rushed for 225 yards and scored six touchdowns.

Jim Wicht, a rugged sophomore, provides power running from the fullback spot. The Chargers, however, will be without the services of Mike Harding, their number one quarterback, who is lost for the season after being injured against Olivet. Joe Miracola, the back up man, is expected to take over the signal calling duties.

"Our scouting report says Hillsdale is big and strong," comments NMU head coach Rollie Dotsch. "In fact, they're the biggest team we've faced so far and will have quite a weight advantage."

The Hillsdale defense is led by tackle Joe Vujuk, an All-America pick last year, who comes in at 6-3 and 245 pounds. "This guy killed us a year ago," says Dotsch. "They've also got Bob Campeau (6-1, 245) up front, a good linebacker in Mike Akey (6-0, 220), and a pair of fine defensive backs in John Seeley and Archie Robinson."

Hillsdale also boasts the field goal kicking of Chet Marcol, a soccer-style booter who has tremendous range as a place kicker. Northern's main offensive weapons again Saturday will be quarterback Rich McCarthy and halfback Lonnie Holton. McCarthy needs 48 pass yards to break the NMU career record of 1,845 and Holton is one shy of the Wildcat career touchdown mark of 29.

"Neither Mac nor Lonnie are concerned about records," Dotsch points out. "In fact, they don't even care to talk about it. All they want is a win Saturday."

Dotsch also had warm words for offensive tackle Tom Watson and linebacker Doug Peterson this week. "Watson is our best offensive lineman," says Dotsch. "He did a terrific job of blocking against Weber State. Peterson, in his first game at linebacker, played it like a veteran."

Generally pleased with the Wildcat offense in the first three games, Dotsch also noted an improvement in defense. "We've been concerned about defense. We just haven't been able to stop anybody. But against Weber State we came of age in the final seven minutes. I think we'll see an improved defense this week."

Saturday's game will be the 12th meeting between NMU and Hillsdale since 1958. The Chargers hold a 6-4-1 edge in the series.

GOOD FIELD — Tom Seaver, star righthander for the New York Mets, threw as-piring as usual on the mound recently and he also had to field a drifting red balloon left, try to break it against his hip, center, and lose it again before breaking it. Seaver hurled a 3-hit shutout in the game for his 25th victory of the season and ran his winning streak to 10 straight games. (AP Wirephoto)

# Tigers End Long Season; Lolich's Dream Shattered

BALTIMORE (AP)—The long, long season for the Detroit Tigers ended Wednesday, leaving behind broken dreams for the team and for pitcher Mickey Lolich.

Lolich, who electrified fans by winning three games against St. Louis in the World Series last year, saw his goal of 20 season victories evade him as the Tiger's dropped the last game of the year to Baltimore 2-1 in 10 innings.

Detroit finished the season

with 90 victories and 72 defeats in distant second place in the American League East, 10 games behind the Orioles. Lolich, whose previous career high was 18 wins in a season, finished with a 19-11 mark.

The final game made it look like both teams just couldn't wait to get the season over with. The first six innings took under an hour to play and the whole 10-inning affair was completed in under two hours.

Baltimore fans also showed once again that the Orioles — regarded as the class team of the majors — leave them less than excited. Only 4,222 turned out for the contest, just enough to put the Orioles 811 over the one million attendance mark for the year, the lowest home attendance figure for a pennant winner since the end of World War II.

The Baltimore club announced Wednesday that tickets are still available for the upcoming playoff series with the Minnesota Twins.

Lolich pitched well on two

# Kasko Named Bosox Manager

BOSTON (AP) — The Boston Red Sox, as expected, today named as manager for 1970 Eddie Kasko, onetime utility infielder who guided the team's Louisville farm club to a second place finish this year.

The 38-year-old Kasko ended his major league playing days with the Red Sox in 1966.

His highlight as a player was with the Cincinnati Reds when he was named their most valuable player in 1960 and helped them to the 1961 National League flag.

Kasko was slated to meet newsmen at a 4 p.m. news conference.

He replaces Dick Williams who was fired last week. Williams guided the Red Sox to the American League pennant in 1967, his first as manager, but could not duplicate the feat the next two years.

Kasko had been tabbed as the new pilot from the time Williams was dismissed, but club officials would not comment publicly.

Kasko's baseball career spanned 20 years, including 10 in the majors.

# Spartans Stress Pass Protection

EAST LANSING (AP) — Coach Duffy Daugherty put his Michigan State football team through only a one-hour workout Wednesday, devoting most of the time to polishing offensive and defensive formations the Spartans will throw against Notre Dame at South Bend Saturday.

Pass protection of quarterback Bill Triplett was stressed for the second day in a row. Halfback Tommy Love, sidelined by a knee injury in the season-opener against the University of Washington, is expected to return to the lineup for the Notre Dame game, but defensive end Jim Nicholson, who suffered a knee injury against Southern Methodist, will be sidelined Saturday.

# Michigan Soph Expected Back

ANN ARBOR, Mich. (AP) — Michigan sophomore halfback Billy Taylor, sidelined with shoulder injuries for the past several weeks, is expected to play Saturday when the Wolverines meet Missouri in Ann Arbor.

Taylor, who will be backing up first string halfback Glenn Doughty, started working out ten days ago and was in uniform for last week's game against Washington although he did not play.

In a two-hour practice session Wednesday, the Wolverines stressed their passing game and worked on kicking and kick coverage.

# Schedule Change

The Gladstone junior varsity football team will play host to the Newberry JV's at the Marble Athletic Field at 12 noon Friday in a game that was originally scheduled for Saturday morning.

# Lions Hold League Lead In Defensive Statistics

DETROIT (AP)—In the National Football League, defense has been defined—in past years—as Detroit.

But in recent years the definition was outdated even though the memory lingered on. Now the Lions are on top again, leading the 16 NFL teams in defensive statistics after an impressive show in crushing the New York Giants 24-0.

In two games the Lions have held their opponents to 97.5 yards rushing and 114.5 passing for a total average defensive figure of 212 which is tops in the league.

However the team leads neither category. Dallas is first in rushing with 49 followed by Minnesota with 85, Baltimore with 89 and then Detroit. Detroit is second only to Chicago in pass defense. The Bears have allowed just 88 yards through the air.

In the first game, a loss to Pittsburgh, the Lions allowed 109 yards rushing and 128 passing. In the Giants game the Detroit defense allowed 87 yards rushing and 101 passing.

The Giants' scrambling quarterback Fran Tarkenton was on the receiving end of much of the defensive pressure.

"Detroit is a good blitzing team... always has been," Tarkenton commented. "When they're inspired they can get up for any game."

"We got into their territory in the first half, but just could not get a touchdown. It was just a case of Detroit playing a hard, aggressive defensive game."

"That's as hard as they'll play all year," guessed Tarkenton who will not have to face Detroit again this season.

Mike Lucci, Wayne Walker and Paul Naumoff provided the main force in keeping Tarkenton off balance.

"I'd say in the first half we blitzed 40 to 50 per cent of the time," said Lucci, a middle linebacker. "In the second half we didn't slack off very much."

"We went right ahead and forced him to do what he was going to do anyhow, scramble."

"He's deadly when he gets time to set up and then run. So we made him run right now," noted Lucci who credited defensive coach Jimmy David with drawing the anti-Tarkenton plan.

The Giants never brought the ball within the Lions' 20 yard line.

## Eskymos Hit Road

# Crusaders, Braves Play Homecomings

Homecoming will be the main attraction for football fans in the Escanaba and Gladstone areas this weekend as both the Holy Name Crusaders and Gladstone Braves will climax their schools' celebrations on the gridiron.

The Crusaders will play host to the Manistique Emeralds Friday at 8 p. m., and the Braves will entertain the Munising Mustangs in a Great Lakes Conference clash Saturday at 2 p. m. The other big local school, Escanaba, will try to get back on the winning track Friday at Alpena in a game beginning at 8 p. m.

The Crusaders will go into the Manistique contest trying to regain some respect around the U. P. after dropping a 13-12 decision to the Kingsford Flyers last Saturday night at home. The Crusaders held down the No. 3 spot in the U. P. grid ratings last week, but fell completely out of the top ten following the defeat.

Victory hopes for the Crusaders rest on the shoulders of running backs Dan Young and Tom Ness, who have been the only real offense the Crusaders have been able to generate this season. Their passing attack has been spotty, but receivers John Baribeau and Joe Harvey still carry some rather impressive statistics.

Young has carried the ball 96 times for 448 yards in five Crusader games so far this season. He has only lost yardage on one carry, and that was a 5-yard loss against Kingsford. Young is also the Crusaders' main scoring threat as he has

hit the enemy goalline 10 times this season for 60 points. Ness has carried the ball 48 times this season for 216 yards.

Manistique is winless in five games this season and rely on the running of Keith Aldrich and the passing of Kendall Neeson to make their offense move. Mistakes have been a big part of the Emeralds' problems this season and they will have to be corrected if they have any hope of upsetting the big Crusader eleven.

After Third Straight Gladstone will be out after its third straight victory when they tackle Munising Saturday afternoon at the Marble Athletic Field. Since losing to Ishpeming in their third game of the season, the Braves have looked real impressive downing Marquette and Manistique.

The Braves feature a potent offense led by quarterback Cliff Young and halfback Gary Young and a ferocious defense spearheaded by linebacker Tom Pfothauer and end Bob Young. Gladstone coach Don Pfothauer credits the blocking of his offensive line for the success of the Braves this season, singling out such stalwarts as Pfothauer, Gary Goodman, Mark Oja and Mike Quinn.

Gladstone is currently in a three-way tie for first place in the Great Lakes Conference with Marquette and Soo, each with a 3-1 mark.

Munising, 3-2 on the season, has been up and down this year. They won their opening game but then lost the second, won the third and lost the fourth and then won the fifth again. They have scored 53

points in five games while allowing 60.

Seek Victory After losing two straight, the Escanaba Eskymos will be eager to find the key to winning again when they face Alpena Friday night. The Eskymos were real impressive in defeating Marinette Catholic Central and Menominee, slipped some against Soo and have failed altogether against Kingsford and West Iron County.

When the Eskymos meet Alpena they will probably run into their biggest opponents of the season. Randy MacAuley, Alpena's top running back, has not played yet this season, but is expected to be back in action Friday night. Quarterback Al Senechuk has been quite effective in the passing department, hitting on 55 per cent of his aerial attempts. Alpena is strong in the line where they have a pair of tackles who go both ways weighing 245 and 260.

Alpena defeated Bay City Handy in its opener 26-22 before losing to Traverse City 30-6 and to Ypsilanti last week 21-18 in the final two minutes.

Other area schools in action over the weekend are the undefeated Bark River - Harris Broncos at Powers Friday night and winless Rock at Pembine Saturday afternoon. Both games are Wolverine Conference encounters.

After five weeks of play in the Upper Peninsula, only Rudyard maintains a perfect record with a 4-0-0 mark while Ironwood, Gwinn and Hancock join Rudyard as unbeaten teams with 4-0-1 records. Bark River is the top scoring team in the U. P. with 160 points in eight-man football while Hancock leads the big schools with 146 points. Hancock and Gwinn are still unscored upon in five games.

The U. P. records:

**Vaccine Pioneer Dies At Age 69**

ANN ARBOR (AP)—Dr. Thomas Francis, a pioneer in the development of vaccines against virus diseases, died Wednesday at University Hospital in Ann Arbor following a long illness.

Francis, 69, was credited with developing the first effective vaccine for influenza in the 1930s. He gained national fame in the 1950s when he directed one of the largest medical experiments in history, the nationwide test which proved that the polio vaccine developed by his former pupil, Dr. Jonas Salk, was safe and effective.

Francis' early flu vaccine was used to inoculate the entire U.S. Army in 1945. Last winter, he identified the Hong Kong flu virus and participated in developing a vaccine against it.

Francis had served as chairman of the University of Michigan department of epidemiology since 1941.

He is survived by his widow and two children. Funeral arrangements were incomplete.

**Farewell Party**  
Gust Moberg was honored at a farewell party Sunday afternoon in the Bethany Lutheran church parlors. A decorated cake in the shape of a ship centered the refreshment table. The cake was made by Mrs. Isadore Bonifas. Guests included the Rev. and Mrs. Levine and Linda and Karl of Manistique. Mrs. Gust Conway of Detroit, Mr. and Mrs. Caleb Johnson, Mrs. Henry Legault and Gail and Carolyn. Mr. Moberg was presented a gift from the congregation and friends. He will visit at the home of his four sisters, all living in Sweden.

**Briefs**  
Mrs. Gust Conway left Sunday for her home in Detroit after visiting the past two months at the home of her brother and family, the Helmer Nelsons.

Gust Soderberg, his guests, Dr. Jack Douis and George Stevens are moose hunting in Canada this week.

Mrs. Gust Soderberg will visit at the home of her daughter, Mrs. Bruce Smith and family at Grayling.

Pete Forslund of Chicago spent the weekend at his home at Isabella.

Mr. and Mrs. Paul Magnuson of Marquette were guests of the Gust Soderbergs on Wednesday.

Miss Janit Gouire of Green Bay spent the weekend at the home of her parents, Mr. and Mrs. Francis Gouire.

Miss Lois Cayemborg, who teaches in the Green Bay School System, visited over the weekend at the home of her parents, Mr. and Mrs. Felix Cayemborg.

Gloria Sundling and Sherry Landis, who attend Bay de Noc Community College spent the weekend at the homes of their parents, Mrs. Elsie Sundling and the Jake Landis.

## Michigan Given Blame For Lake Erie Pollution

COLUMBUS, Ohio (AP)—The City of Detroit and other Michigan communities account for 73.6 of municipal pollution entering Lake Erie, Ohio Gov. James A. Rhodes said Wednesday.

Rhodes, critical of federal pollution charges against Toledo and four Ohio steel plants, said Michigan was responsible for 65 per cent of the lake's overall pollution.

Rhodes said it was an Ohio proposal that brought about the Great Lakes State pollution conference in 1965.

Ohio, he said, will have the majority of polluters complying with a state-established timetable for pollution abatement by the end of 1971.

Two U.S. Department of Interior officials were dispatched to Columbus Tuesday night after Rhodes, in Washington, aired his complaints to Interior Secretary Walter J. Hickel.

Following a round of meetings with Ohio pollution control officials, they said Ohio's timetable for cleanup was not out of line with that of the federal government.

Hearings against Toledo and the four steel firms, they told a news conference, would be held next week only with the hope of obtaining voluntary compliance with abatement schedules.

## Model Cities Funds Slashed \$215 Million

WASHINGTON (AP) — The Nixon administration has slashed \$215 million from the Model Cities program—a 42 percent cut in funds for rehabilitating some of the nation's worst urban slums.

The White House will allow only \$300 million instead of the \$515 million that had been ticked in April to move at least 60 Model Cities projects from the planning stage to program grants during the current fiscal year ending next June 30.

**Integrated Program**  
Although Congress set up the program in 1966, this is the first year for implementing the plans to attack all the causes of poverty within a slum are through one integrated program.

The Model Cities cutback, springing from the President's order of \$3.5 billion in government-wide budget reductions to fight inflation, was disclosed by Nathaniel J. Eiseman, director

of the Budget Office at the Department of Housing and Urban Development.

There are a total of 150 communities in 45 states, the District of Columbia and Puerto Rico participating in the program.

**Interest Subsidies**  
Two HUD programs that provide interest subsidies to low-income homeowners and to builders of low-rent apartments are the next biggest losers after Model Cities. Their combined outlays will cut from \$39 million to \$20 million.

An additional \$20 million will be pared from grants for water, sewer and other neighborhood facilities, budgeted originally at \$166 million.

However, increases in other HUD urban renewal assistance will partially offset the reductions for Model Cities and the other programs leaving the department's net share of the \$3.5

billion in cutbacks at \$162 million, Eiseman said.

**Slow Start Planned**  
Top HUD officials say the Model Cities cuts were made necessary by a late and slow start for the program. They don't signal a Republican-engineered death for Model Cities, the officials contend.

Model Cities was the keystone of former President Lyndon B. Johnson's urban policies. The idea was to funnel all the renewal that federal-local money could buy into target slum neighborhoods.

**More Fund Cuts**  
President Nixon also pared \$75 million from Johnson's request for \$750 million in new appropriations for Model Cities. The House has voted \$500 million, while the Senate has yet to act on the request.

The \$750 million includes money that would be spent in future years and is not comparable to

the \$300 million in actual outlays now planned for this fiscal year.

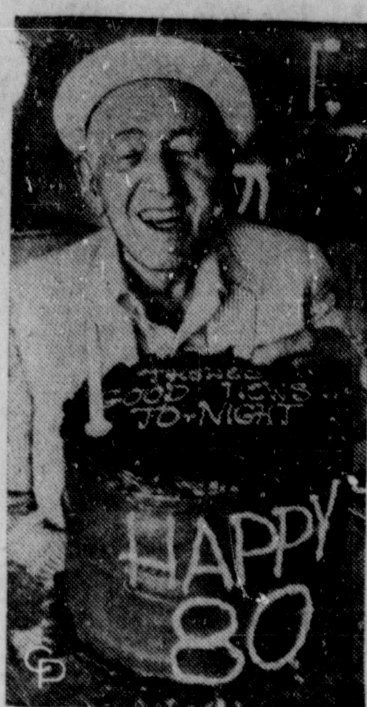

The administration still hopes to obligate expenditures of about \$1 billion by next June 30, but the long term outlook for Model Cities is also clouded.

HUD sources say the Bureau of the Budget is resisting plans for large-scale expansion in the future because the program has yet to prove itself.

"The Budget Bureau finds this one of the easiest places to cut," said one HUD source.

### 211 Road Deaths

LANSING (AP) — A total of 211 persons died on Michigan highways during September, two more than reported during the same month last year, State Police report. The deaths brought the nine-month death toll to 1,776 or five per cent more than a year ago.

REMEMBER Gabriel Heater and his "There's good news tonight" over the radio? Well, here he is in Miami Beach, Fla., marking his 80th birthday.

## 'Bugout' Label Shrugged Off By Senator

WASHINGTON (AP) — Sen. Charles E. Goodell, shrugging off a "bugout" charge from fellow Republicans, says he hopes his proposal for total withdrawal of U.S. troops from Vietnam will produce a searching inquiry into war policy.

The New York senator's bill to order a total cutback by Dec. 1, 1970 has drawn strong protests from the White House, which summed it up recently in a one-word description "bugout."

Hugh Scott, Senate GOP leader, said he applied the GI slang to Vietnam withdrawal proposals, and President Nixon agreed it was accurate. Within hours, Republicans were using it all over Capitol Hill.

"Hanoi has used some of these bugout resolutions and they've used some quotations of senators as a means of enforcing their hand," said Sen. Gordon Allott, R-Colo.

Allott even supplied a definition: "A bugout is when you pull out and put a date on a pullout or put numbers on a pullout in such a way that you have the position of the United States unguarded."

"I think they're bugged by my proposal," said Goodell. "It sounds like they have a unified line."

"I certainly don't think labeling it in that way contributes anything to an enlightened dialogue."

### Teachers Plan To Strike Today

By The Associated Press  
Teachers in the Mason Consolidated School District in southern Monroe County decided not to go to school today, as contract talks have broken off between the teachers' association and the school board.

Also, teachers at Harper Creek school district in Southern Lower Michigan have voted to go on strike Friday.

On both districts, teachers have been working on contracts extended from the last school year.

There are 93 teachers who belong to the Mason Education Association and the district has 2,046 students.

### Escape Noted

LEAVENWORTH, Kan. (AP) — Benny R. Tole, 36, sentenced to 15 years imprisonment on an Inkster, Mich., bank robbery conviction in 1967, escaped recently from the federal penitentiary at Leavenworth.

Prison officials said he struck a guard and fled in a prison pickup truck.

### Retirement

LANSING (AP)—State Police Lt. Russell Olson, 52, East Lansing, will retire from the force Friday after completing more than 29 years of service. Col. Frederick E. Davids announced Wednesday, Olson served at the East Lansing, Romeo, Paw Paw and Newaygo posts during his career.

### Judge Named

LANSING (AP) — Detroit attorney Edward F. Bell has been named Wayne County Circuit judge, succeeding the late Judge Thomas J. Murphy. It was announced by Gov. William Milliken. Bell, 40, is a senior partner in a Detroit law firm.

## Thom McAn makes Instant Antiques!

### How do we do it?

We take shelltan, golden brown and beefy. And rub it by hand to make it even more supple. Stain it 'til it gets antiqued. Brush it to a special finish. (A finish that has the depth of expensive, hand rubbed wood.) Mold it into a moc slip-on. Give it the handsewn treatment. And we polish it off.

The bronze look and deep dark texture of costly wood. Thom McAn's GUNSTOCK. A new old-looking way to pamper your feet. And all this luxury is at a practical price. GUNSTOCK costs as little as \$11.99

FIRST FLOOR—SHOES
